#### DISCUSSION

4. <u>46537</u> Presentation by Stacie Reese and Jeanette LeZaks on Carbon & Energy.

<u>Attachments:</u> <u>SMC Presentation - Energy and Carbon Chapter Review Update for April.pr</u> <u>Sustainability Plan update - energy and carbon review - 5 16 17.pdf</u>

Reece and LeZaks presented PowerPoint and Spreadsheet highlighting success, progress on goals and items not completed in the Carbon and Energy section of the Sustainability Plan. Most items not completed were items that required action from commercial, business or utility companies that were not easily influenced by the City. They will forward spreadsheet to Committee members.

Public comment for Leslie Schroeder. City needs to protect and promote canopy trees. Feels from her attendance at sub-committee meeting that trees lose out in most city policies and development projects and that recommendations coming from the Street Tree sub-committee should be supported.

Green provided PowerPoint presentation on sub-committee recommendations. General questions on presentation from committee members responded to by Green and van Lith. Main recommendation is to develop an Urban Forestry Master Plan and make changes to EAB Plan with regard to treating trees under power transmission lines.

Vickerman moved approval of sub-committee recommendations and submission to Council. Seconded by Ahrens. Voice approval by all members of committee
