Filling out your application

- An Operator License is a privilege, not a right. **Any false answers or omissions may result in the denial of your application.**
- This application must be filled out accurately and completely.
- If you have any doubt as to whether to include the facts of a specific incident it is recommended that you disclose the information.
- If you are unsure about how to respond to any questions on this form, check with the City Clerk for clarification.
- Your application will not be processed until you deal with outstanding warrants.
- You can obtain information regarding your arrest and conviction record from the police department, the court with which you interacted, or the Wisconsin Circuit Court Access website at www.wcca.wicourts.gov/index.xsl (CCAP may not provide a comprehensive list of ALL arrests and convictions).

Review of your application

- The Madison Police Department will perform a background check to verify that the information you have provided is complete and accurate.
- If there are concerns about your arrest and/or conviction record as it relates to your application, or if it appears that you falsified or omitted information from your application, you may be called to appear before the Alcohol License Review Committee.
- If you are asked to appear but choose not to do so, your application may be denied.
- Meetings of the Alcohol License Review Committee are open to the public and televised.

Alcohol Licensing Board

I am writing to recommend Stormy Louis for a license from your board. I have had the pleasure of working with Stormy at Buffalo Wild Wings in Madison WI for several years. I have consistently observed Stormy's exceptional professionalism, commitment to ethical practices and understanding of the laws regarding alcohol sales.

Stormy has demonstrated excellent services to patrons of all ages during her shifts as a bartender. I am confident that Stormy will contribute positively to the field and uphold the standards of the board.

Please feel free to contact me if you require further information.

Sincerely,

Thayerden Taylor

Custody Alternative Monitoring Program (CAMP)

If you have been sentenced to the Dane County Jail with work release/Huber privileges, you may be eligible to serve part or all of your sentence at your home or approved housing if you meet the criteria for Jail Diversion. This guide is designed to help determine if you may be eligible and to assist you in applying for Jail Diversion.

Qualified residents apply for Jail Diversion by completing a pamphlet application. To qualify for Jail Diversion you must be serving a Dane County sentence and sentenced with Huber privileges. You must have a residence in Dane County. If you are sentenced to an OWI charge you must have scheduled or completed your court-ordered AODA assessment.

Your institutional behavior is taken into consideration when determining your appropriateness for Jail Diversion. There will be a mandatory drug screen before you are enrolled in any diversion program. A background check will also be conducted to determine your eligibility for Jail Diversion.

How do I apply?

Apply online: [Jail Diversion Application](#) or complete the [Jail Diversion Application PDF](#) and the [Application for Waived/Reduced Fees](#) and e-mail to diversion.intake@danesheriff.com

Applications can also be mailed to:

DISCHARGE CERTIFICATE

STORMY R LOUIS, # 341309-A

You were placed on probation.

The department having determined that you satisfied said probation, it is ordered that effective September 29, 2019, you are discharged absolutely.

This discharge does not forgive your current (tentative) balance of unpaid supervision fees, in the amount of \$480.00. This amount is subject to supervision fees for your last month of supervision and any outstanding payments. The balance is (tentative) as a result of delayed supervision fee charges still to be posted.

Failure to pay the full amount due may result in the taking of future Wisconsin income tax refunds or lottery winnings.

Restoration of civil rights for felony convictions:

This certifies that the following civil rights are restored to you:

1. The right to vote.
2. The obligation for jury duty.

The following civil rights are not restored to you:

1. Firearms may not be used or possessed unless a pardon, which does not restrict possession of firearms, is received from the governor.
2. Public office cannot be held unless a pardon is obtained from the governor.

Persons committing crimes after April 9, 1990 may have a civil judgment issued for any unpaid restitution.

Treatment Plan**Diagnosis:**

Alcohol Use Disorder, Severe

Rule out Cannabis Use Disorder

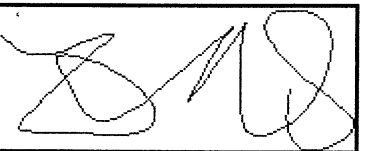

Depression and PTSD by patient report

Presenting Problem: When I drink my personality changes, I spend too much money, and I lose time with my children**Goal:** I need to increase my acceptance of no longer being able to drink alcohol in a controlled manner and I need to work on building a realistic program of recovery for myself.**Objective:** I will develop at least 3 methods to help me explore my use of substances and the effect my use has had on my life, and help me make a decision about long-term recovery.**Method:** I will attend the Intensive Outpatient Group. The goal is to maintain abstinence from July 3rd through the duration of this group, and if I use any substance I will process the event with the group for support. This group will meet 3 days a week for a total of 9 hours a week. I will learn about the process of addiction, how to cope with cravings, strategies for resisting social pressures to use, strategies for managing unpleasant feelings, and how to rebuild healthy relationships with family and friends.**Target Date:** 8/30/16**Method:** I would like to gain more of an understanding of the connection between my use of alcohol and marijuana and my mental health concerns of depression and PTSD. I will identify at least 3 new ways I can cope with my depression and PTSD that do not involve using alcohol and marijuana. I will monitor my symptoms with my AODA therapist using the CES-D throughout my time in treatment. I will continue to see my outpatient therapist, Kim Bean, as scheduled and will explore the option of seeing a psychiatrist at The Psychology Center.**Target Date:** 12/30/16**Method:** I will work with my AODA therapist in individual sessions to come up with a healthy routine that doesn't involve using drugs or drinking alcohol. This will include making a list of sober activities, taking action on at least 1-2 of these activities while in treatment and process in individual sessions how it feels for me. It will also include learning at least 1-2 strategies for scheduling my time to add structure to my days.**Target Date:** 12/3/16

Criteria for Discharge: I will have successfully added structure and routine into my life, I will have increased my ability to tolerate all emotions and I will have increase insight into my substance use impacts my mental health.

Strengths: I am loyal, honest, dependable, resourceful
Limitations: Child care difficulties,

Biomarker Program: Information for Providers

General Information About Biomarker:

All participants in the Biomarker program are considered high risk multiple offenders. This program requires finger nail and blood spot testing as monitoring tools. The Biomarkers can determine if a person has been using alcohol excessively in the preceding three weeks, to three months. As a part of the Driver Safety Plan, each client is required to remain abstinent for the duration of his or her program. A minimum of three Biomarker tests will be required during the yearlong Driver Safety Plan period. If a test is positive, indicating excessive use, a follow-up test will be required. Each client will be charged \$ 150. for the cost of the Biomarker nail test. If a retest is required, due to a positive nail test, the client will have to pay \$150. for the cost of the blood spot test/ retest.

Please return the individualized treatment plan following the first session with the client. Biomarker clients are required to remain in treatment services for 12 months, or the completion of the Biomarker program, at the discretion of their clinician.

The Journey Clinical Assessment Program will contact providers with any positive Biomarker results.

If you have any questions about the program, please speak with the program supervisor (608)280-2638.

February 14th, 2025

Dear Ms. Louis,

Per your request, I have summarized the information regarding your period of supervision from September 29th, 2016 through September 29th, 2019. This information is specific to your Intoxicated Driver's Program Assessment & Driver Safety Plan, AODA treatment and the conditions of supervision order by the court. I have also included the documents that I was able to locate in your discharge file that may assist you in your efforts. These documents include information regarding the Intoxicated Driver's Program (IDP) Assessment that was completed on or about May 17th, 2016 and June 8th, 2016 (two-part assessment), the Judgement of Conviction for Dane County Case #2016CF248, a memo that I had faxed to Journey Mental Health on your behalf to assist with maintain compliance with your Driver's Safety Plan and your Discharge Certificate.

On September 29th, 2016, I was assigned your agent after you were placed on probation for a period of 3 years in Dane County Case #2016CF248 for one count of OWI (5th). As a condition of probation, you were ordered to serve 12 months in the Dane County Jail with Huber. Based on eligibility criteria, which included a completed IDP Assessment, you were granted the Custody Alternative Monitoring Program (CAMP) (aka Jail Diversion) and were allowed to serve this jail sentence via at home via electronic monitoring. During your intake appointment on October 18th, 2016, you provided me with information regarding your AODA programming through UW Behavioral Health and one-on-one counseling with a psychologist at the Psychology Center. During this appointment, you were unable to provide me with a copy of the Driver's Safety Plan but were able to provide the standard checklist from your IDP Assessment as well as your treatment plan through UW Behavioral Health. It was also during this appointment, you expressed concerns about not being able to reach staff at Journey Mental Health reference your bio-marker requirements. Based on my experience as an OWI Court agent, I was aware of this condition being waived as part of the Driver Safety Plan when/if an individual

was required to submit to ongoing testing via CAMP and/or DOC and provided you with a memo for this purpose on November 7th, 2016. After you shared that you had ongoing issues with getting a response from Journey Mental Health regarding the bio-marker condition, I submitted a memo on your behalf via fax on December 7th, 2016 in an effort to maintain compliance with the Driver Safety Plan.

Based on the conditions of probation that were outlined by the court, you were ordered to complete an AODA Assessment and follow through with any recommended treatment. Based on documentation you provided me and your subsequent agents and through verification via signed releases of information, you remained in compliance with the court-order programming at UW Behavioral Health and the Psychology Center. Your compliance with a Driver's Safety Plan was not mandatory as a condition of probation; however, you were informed that this would be required had you ever wanted to obtain your driver's license again in the future.

During our recent conversation, you also referenced information that was discussed regarding your approved employment at Buffalo Wild Wings in Monona, WI. As noted on the Judgement of Conviction, you were prohibited from working in any establishment that's primary focus was the sale of alcohol. Buffalo Wild Wings was approved because its business is not primarily alcohol but rather food. While I was the initial agent that approved this employment, subsequent agents that were assigned your case after my transfer also approved this employment as well as officials from the CAMP program.

At the end of the 3 years, DOC records show you had successfully completed all conditions of your probation and were allowed to discharge on September 29th, 2019.

If you have questions regarding this summary or any of the attached documents, please contact me at (608) 571-9125 and/or via email at angela.fischer@wisconsin.gov.

Dear Ms. Louis:

This letter is to confirm that you attended three sessions with me between 2/3/25 and 2/12/25 for an assessment which included a current evaluation of any substance use issues, your current mental health functioning, and a psychosocial history. A copy of these documents are included, per your request.

As we discussed earlier today, you do not have a current substance use disorder diagnosis, nor are there any substance use concerns that we need to address. It is recommended that you continue to address your anxiety. My understanding is you are seeing Carlos Ramos-Ortolaza, LPC at The Psychology Center to work on your anxiety and overall mental health in outpatient care. It is not necessary for you to have an additional individual therapist. However, you are free to reach out to me if your situation changes and you need additional services.

If you have any questions, please contact our office at 608-282-8270.

Office use:	LICOPR-2024-00957		BST Date 9.25.26	
Filling out your application <ul style="list-style-type: none"> An Operator License is a privilege, not a right. Any false answers or omissions may result in the denial of your application. This application must be filled out accurately and completely. If you have any doubt as to whether to include the facts of a specific incident it is recommended that you disclose the information. If you are unsure about how to respond to any questions on this form, check with the City Clerk for clarification. Your application will not be processed until you deal with outstanding warrants. You can obtain information regarding your arrest and conviction record from the police department, the court with which you interacted, or the Wisconsin Circuit Court Access website at www.wcca.wicourts.gov/index.xsl (CCAP may not provide a comprehensive list of ALL arrests and convictions). 				
Review of your application <ul style="list-style-type: none"> The Madison Police Department will perform a background check to verify that the information you have provided is complete and accurate. If there are concerns about your arrest and/or conviction record as it relates to your application, or if it appears that you falsified or omitted information from your application, you may be called to appear before the Alcohol License Review Committee. If you are asked to appear but choose not to do so, your application may be denied. Meetings of the Alcohol License Review Committee are open to the public and televised.

Business Plan: Ichiban Sichuan Madison LLC

Introduction

Ichiban Sichuan, formerly operated by Ichiban Sichuan LLC, has been a successful establishment located at 610 S. Park St, Madison, WI 53715 for the past 15 years. Aichan "Wendy" Weng was the owner and a great leader who managed the restaurant and became well-known in the neighborhood.

Product

Ichiban Sichuan, a dining-in family restaurant, serves both authentic Chinese food and American Chinese food along with domestic and imported beer.

Objective/Mission

Ichiban Sichuan will continue to serve fresh and tasty food as well as providing excellent service for the neighborhood and community in Madison area.

Conclusion

As new owners of Ichiban Sichuan, we will strive to serve high quality food and beverages to Madison community which is the reason we are applying a new liquor license as a new company has been established.

The Atwood Music Hall – Executive Summary

The building at 1925 Winnebago St. was constructed in 1931 for the Madison Gospel Tabernacle as their gathering and performance space. It is one of only a few buildings left in the Midwest with its uniquely patterned Lamella roof design. As the space was originally designed to bring people together and showcase music, it seems fitting that its next incarnation follow in that tradition by becoming the Atwood Music Hall – an upscale venue to showcase the performing arts, host private events and weddings, while also serving to support and educate youth from underserved communities.

A Personal Narrative

On March 12, 1987 I attended my first real concert. Somehow as a third grader at Marquette Elementary in Madison, WI I found out about this band called the Beastie Boys and convinced my father and step-mom to take me to see them play at the Dane County Coliseum. We made our way up to the balcony and I stood on the arms of the foldable seats so I could see. Fishbone opened the show. My mind was blown. It was the License to Ill Tour and the Beastie Boys closed the night with crazy energy, spraying the crowd with Jolt Cola. From that night onwards, I was hooked on live music. Growing up in Madison, I was lucky to attend many more concerts over the years at places like the Barrymore Theatre, Oscar Mayer Theater, Memorial Union Terrace, The Loft and all the free neighborhood summer festivals. Inspired by what I had experienced, some friends and I started a band while at East High School and we played around town at places like Café Assisi, the Mango Grill and Mother Fools.

After graduating from East High School, I moved away to explore the world a bit more, attending American University in Washington, D.C. Pretty early on in college, I decided to try and parlay my passion for music into a career. I did production management and was a sound engineer for the student concert committee. I studied marketing, music history and recording engineering. I started managing a couple local musical groups whose members grew up in the city and now attended my school and Howard University. We would all check out shows at the great music venues in D.C. I learned about the importance that the town had on the history of live music, being the home to so many great venues like Bohemian Caverns to the Howard Theatre which were some of the first integrated venues in the country. The people I was hanging out with and the bands I was working with were Black and White kids. It was a great time and made me reflect on my childhood where in most places – social settings, sports and especially concert experiences – everyone looked like me.

After four years in D.C., I headed to New York City and earned a Masters in Music Business from NYU. I secured an internship with the company that owned the Blue Note Jazz Club & the B.B. King Blues Club in Times Square. I ended up being hired on as an assistant prior to graduation and in a few short years, through hard work and a bit of luck, was promoted to Talent Buyer for B.B. Kings. I booked and met so many legendary acts that I loved like B.B. King, Little Richard, Chuck Berry, Aretha Franklin, and James Brown. And the list goes on. Our company went on to open more venues in New York City and other East Coast markets. Life came full circle when I had the chance to help restore and bring back The Howard Theatre in Washington, D.C., which had been neglected for decades. Shortly after booking the first run of shows in the theater, I

left the company to start my own concert promotions company, T Presents which I have run now for over 11 years.

Madison would always pull me back. I enjoyed getting out of New York City and coming home every year to see family and to relax. After 14 years in the Big Apple and almost 20 years on the East Coast, I had a family and a child and I felt home calling us back. In the middle of a February snowstorm, we drove back to Madison where we have lived now for over 10 years. My wife attended the UW and never thought she would return to this city after moving to New York. The move back was a difficult adjustment for both of us, especially her, because of the lack of diversity.

While more diverse than in my childhood, Madison is still fairly homogenous racially and far too geographically segregated. I continued to book concerts around the country and began to focus more on Midwest markets and Madison since moving home. I became a co-owner of The Bur Oak music venue and booked shows at the Barrymore and the Mineral Point Opera House. The sad reality of booking shows in the Madison area is that there is a lack of racial diversity seen in most audiences and venue staffs. There are many reasons for that and are any local players doing anything about it? The answer is not yet.

A Venue with a Greater Purpose

Tackling racial and socioeconomic inequity within the arts will be a founding premise of the Atwood Music Hall. Introducing and exposing kids of color to live performance and performers will be facilitated to help enrich lives and create new music fans. When open, the venue will facilitate the following in conjunction with The Goodman Community Center LOFT Program:

- Donate 10-15 tickets per concert to local partners and area schools to distribute to community members who would not be able to afford concert tickets.
- Host a “Students of Live” afterschool program every Monday during the school year for kids to learn the ins and outs of the live music industry and gain hands on experience. Music industry professionals will give lectures and do Q&As in person and by Zoom. Students will work through the entire concert process from booking, to marketing and then will end the semester executing a live show. A historical component will be incorporated into the program to help educate students about the significant impact musicians of color have had on all genres of music and the roles they have played within the history of social justice.

By creating an inclusive space, teaching, and mentoring, it is our hope that we may help make diversity in Live Music a normality for future generations rather than the exception.

Supporting the Community

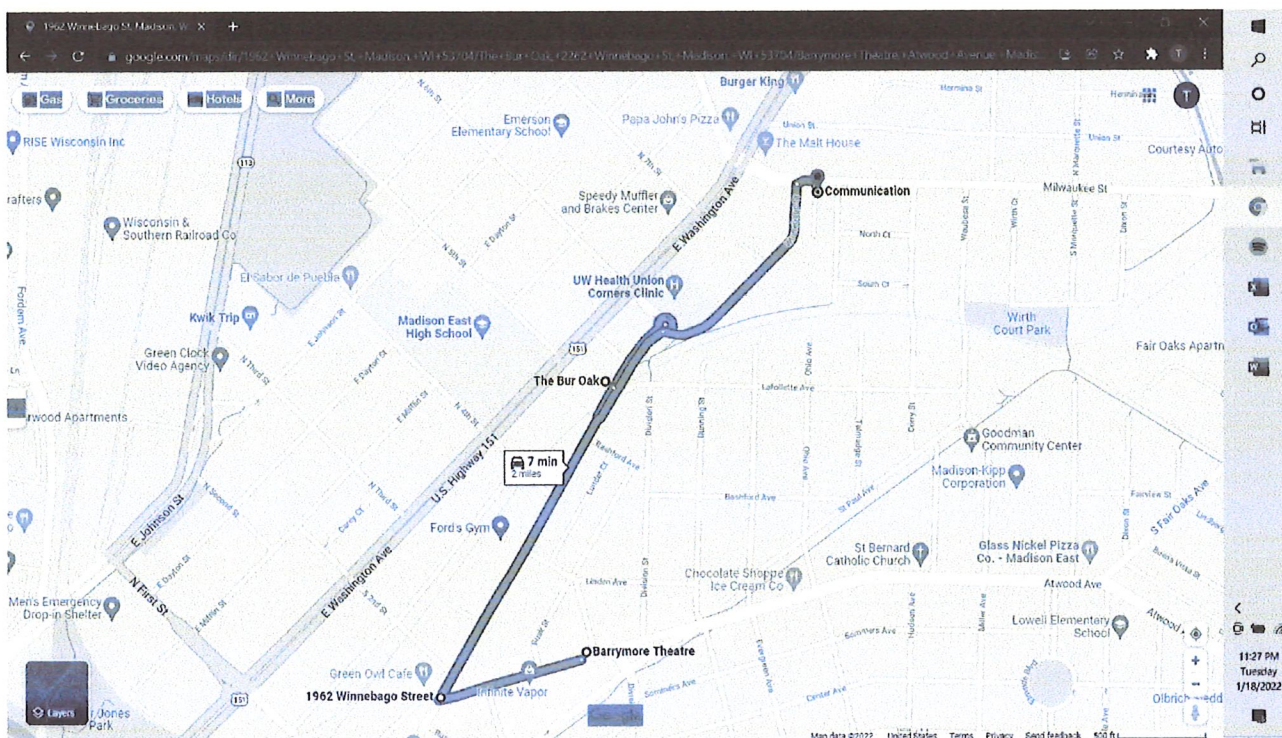

The pandemic has shown many of us how artistic experiences are vital to not only a city’s culture but also a key bond that that brings communities together. A gathering space like the

Atwood Music Hall will be a neighborhood asset that may be utilized by various community organizations. Within the project budgets we will be able to donate the space and production staff up to one weekday per week to area non-profits:

- Meeting space for local non-profit programs, venue partners, or neighborhood groups.
- Fundraising nights for non-profits, venue partners or community groups.
- Space for startup organizations and non-profits to pitch investors/donors.
- Performance space for area youth music and arts groups.

The Neighborhood

The Schenk/Atwood neighborhood is home to countless bars, restaurants, and creative businesses. The opening of The Atwood Music Hall would solidify the neighborhood as an Arts District by complementing and connecting The Bur Oak, The Barrymore Theatre, and Communication.

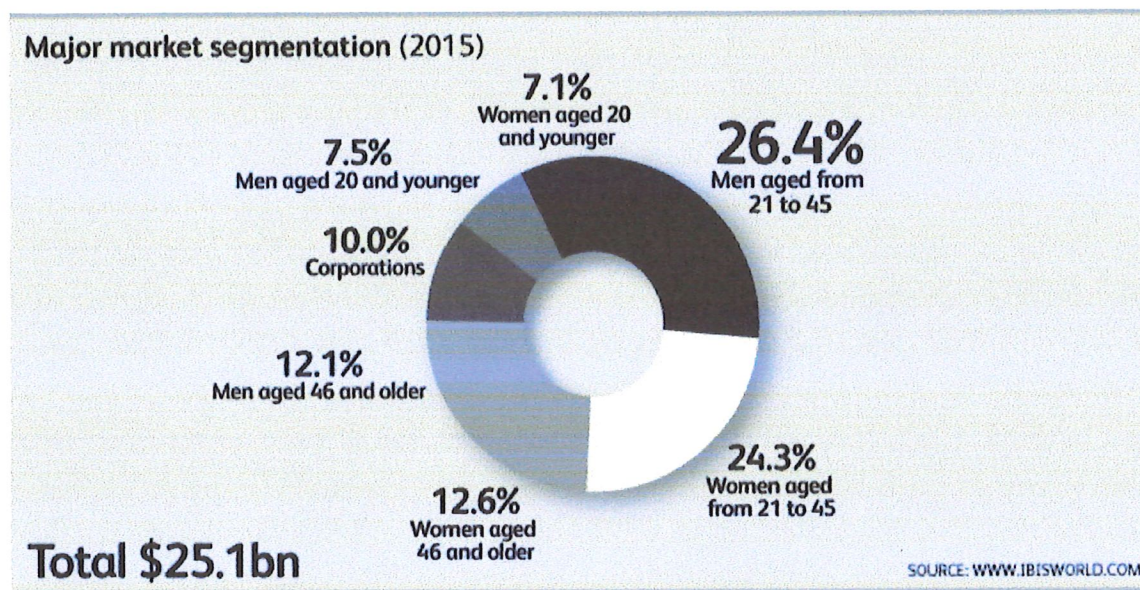

The Bur Oak on Winnebago St is a 130-capacity room that hosts local and nationally touring talent of all genres and has become the spot to play for nationally touring singer-songwriters in Madison. The Bur Oak co-owner, Toffer Christensen owns T Presents, which is a local concert promotion company that also books larger shows into the Barrymore Theatre which is an 800-

950 capacity room depending on the show configuration. The Atwood Music Hall at 400 seated or 720 standing room only would fill the mid-size venue void that currently exists for independent promoters in the market.

Live Event Market Synopsis

The graph below shows the age breakdown of live event attendees. Prior to covid, it was an industry sector that grossed over \$25.1 billion dollars per year, 50 % of its attendees are men and women between the ages of 21 and 45 years old.

Madison by the Numbers

Madison contains a relatively young and affluent population – consistent with the research supporting the demographic of people that attend live events. Additionally, the high earning potential accompanied by a sizeable University and quickly growing companies like Epic Systems and Exact Sciences has made Madison an amazing live entertainment opportunity.

City Population	250,000
Metro Area Population	627,000
% of Population between the age of 19 and 64	56.3%
Median Madison Household Income	\$54,000

Additional Highlights:

- Lowest Poverty Ratio of USA's 100 largest cities
- Highest percentage of gay couples in the Midwest after Chicago and Minneapolis.
- Highest acreage of park space per resident of USA's 100 largest cities
- Continually voted as one of the top cities in USA to live and work on several livability and business polls

Madison Music Venues

Madison has a very healthy music scene relative to its population. The community embraces and frequents live music and it is common industry knowledge that often times acts that play concerts in both Milwaukee and Madison will sell more tickets for their Madison engagement despite the smaller population. Here is a snapshot of current live music venues and events located in and around Madison based on pre-covid numbers.

Venue	Location	Capacity	Concert Frequency	Notes
Alliant Energy Center	Southeast Side	10,000	1 monthly	County owned expo center that hosts music, fairs, and sporting events.
McPike Park	Williamson St.	5000	Summers 2 a month	Large public greenspace used free for neighborhood food and music events.

High Noon Saloon	E. Washington	400	5-6 nights per week	Books nationals and some locals. FPC Live venue.
Café Coda	Williamson St	99	3-5 nights per week	Jazz Club – mostly local acts
The Play Circle	Campus – University	165-300	1 per month	Part of the Wisconsin Union Theater. Hosts mostly student plays.
Madison Comedy Club	Downtown – State Street	200	3-5 nights per week	Comedy only venue.
The Bur Oak	Atwood	130	6-7 nights per week	Booked and co-owned by Toffer Christensen
North Street Cabaret	Eken Park	99	3-4 nights per week	Small cabaret presenting all genres of music, mostly local.
Communication	Atwood	49	2 nights per week	All Ages Music and Art Non-profit Venue. Sober venue.

Analysis of Local Competition

Madison recently has seen serious consolidation in live music. There is currently one active large promoter based in the city – FPC Live. FPC Live operates The Sylvee, Majestic Theater, High Noon Saloon, and the Orpheum Theater and occasionally promotes shows at the Barrymore, The Overture Center and the Alliant Center. They also book the concerts that take place at Breese Stevens Field, produced Freak Fest and Live on King St. The international publicly traded concert giant Live Nation owns 51% of FPC Live. Saudi Arabia's Public Investment fund owns a 5.7% stake in Live Nation.

There currently is not much competition in Madison for FPC Live venues. T Presents occasionally bids against them for shows at the Barrymore and sometimes for Bur Oak shows that are also looking to maybe play High Noon. For a band that can sell 200-700 tickets there is currently no formidable competition in town to the High Noon Saloon or the Majestic Theater. The Atwood Music Hall would fit in quite nicely and provide acts and their agents an independent alternative to the Live Nation/FPC Live options. The industry would welcome a new option with open arms.

Venue Design & Capacity

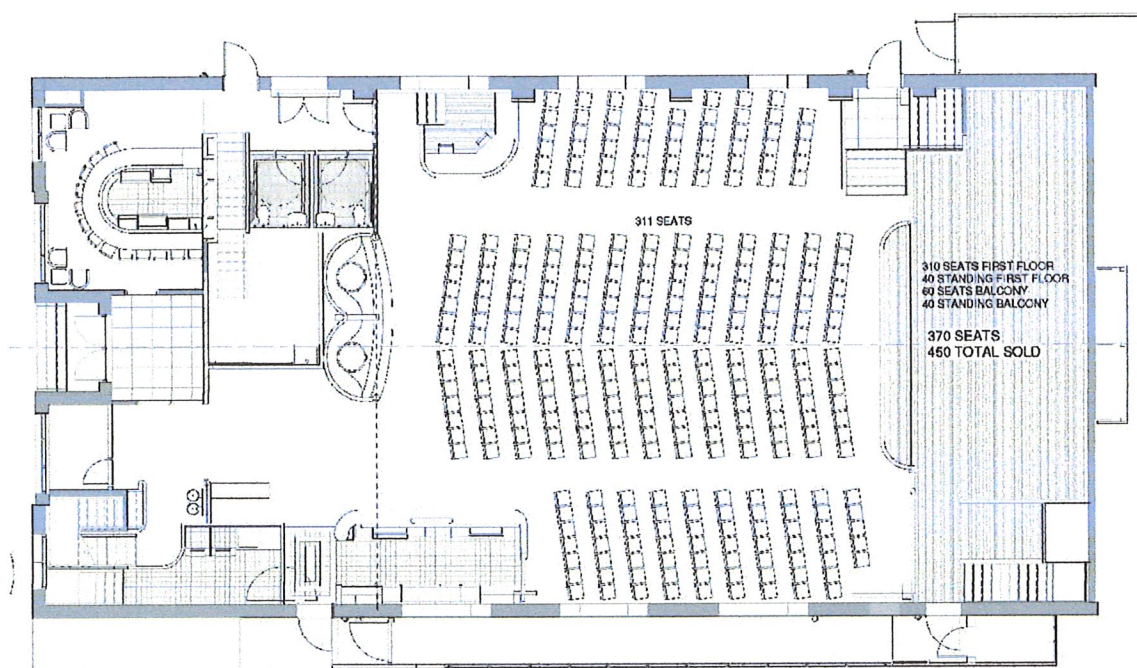

Originally constructed during the Art Deco period, the intention of the building's re-design is to capture the aesthetics of that design period so that venue patrons will think the Atwood Music Hall was originally built as a music venue when they walk into the room. Rounded edges in the balcony and along with the upholstered booths complemented by period lighting will add to the overall ambience. Music Halls were quite popular in Europe and in major cities in the U.S. during the Art Deco period, showcasing all types of performing arts. The Atwood Music Hall's internal appearance will pay homage to this time period.

Jacob DeHaven, co-owner of the Bur Oak music venue, and Principal at DeHaven Design Build has spearheaded the venue design and layout. The venue will function in a flexible format accommodating fully seated shows, standing room only shows, and various types of community gatherings, private events, and weddings.

Main Floor Layout

The current bathrooms located on the main floor will be removed to open up the space. The door into the showroom will be moved slightly to the right to control entrance and exits and utilize a ticket booth. Two ADA gender-neutral toilets will be added towards the front of the building. Two bars, booths, and a mix position will be created within the main room. The existing stage will remain in place. The layout below shows a fully seated concert setting with folding chairs in rows. These chairs would be removed for a standing show.

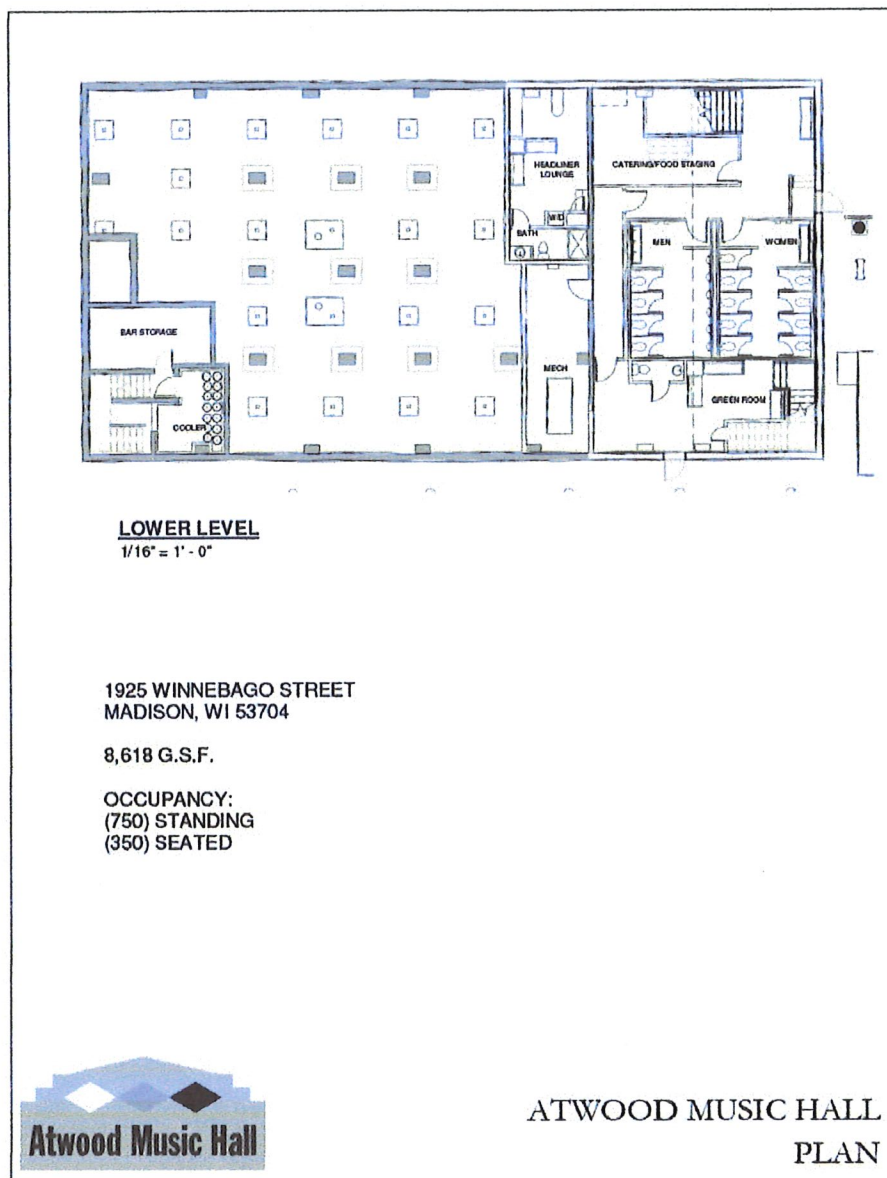

Balcony Layout - A three-tiered balcony will be built to increase permanent seating options and maximize the building's capacity. All balcony seats will have amazing unobstructed views. A small bar will live at the rear of the balcony space to service those patrons.

LEVEL 2
1/16" = 1' - 0"

Basement Layout - Restrooms will be added to the lower level. Two private artist dressing rooms will be built out and connected to the stage by a small staircase. Existing kitchen space will be left and utilized for private events and for small food offerings at shows.

Sightlines

Building many different elevations throughout a music venue is crucial to providing optimal sightlines for all fans. The Atwood Music Hall will have 6 different elevations from which to view concerts: 3 different balcony levels, raised booths on the main floor, and the main floor level. No columns or obstructed sightlines will exist.

Location

The Venue's location within the Isthmus in the popular Atwood neighborhood will allow concert goers that live downtown or on campus the ability to ride bikes or take a bus to shows. For those that may be driving from further away, it is easily reached from all parts of Madison and its suburbs by personal vehicle or rideshare.

Band Amenities

Bands/musicians remember the small things about venues and that is often what makes them want to return to play another concert there in the future. Having adequate green room space, bathrooms, a shower, and a washer and dryer for them to use are simple things that many venues are missing, including the local competition. Paying attention to those small details will go a long way to make the Music Hall a destination for all national tours.

Décor

Bands and music fans have strong opinions when it comes to aesthetics. There are several examples of new music venue builds that have tried to be modern and are critically panned by fans and bands. Examples are the Nokia Theater in Los Angeles, the Best Buy Theater in New York, and the Sylvee in Madison. By designing the Music Hall in keeping with the art deco period in which the building was originally constructed, the design will stay true and authentic to the time when the architecture was created.

Food Offerings & Catering

The existing basement kitchen space will be updated to allow for a to be determined partner to cook and sell a small selection of food items to patrons during public events. A nominal rent of \$100 per show will be charged to the operator. The space will also be available to outside caterers to use at weddings and private events making the venue more user friendly than other area concert venues. Having private cook and prep areas plus refrigeration units available to outside caterers will help attract more private event business.

Cocktail Lounge

A small front room in the building will become a cocktail lounge that is open before and after shows and on evenings when there are no shows or events in the music hall. This space will comfortably hold 20 patrons at a time and help capture revenue that would otherwise be spent elsewhere. The lounge will have its own street entrance to make it a standalone space but flexible so that it can be opened up to the main space through an internal door when needed. The lounge will become a small but consistent revenue generator throughout the year being open 5 days a week.

Parking

1925 Winnebago St is zoned TSS so no parking is municipally required, however The Bur Oak LLC has put together a deal with Trinity Lutheran Church to rent and refurbish their two existing lots which are in close proximity to the venue. The First Street lot will be a combination of paid hourly parking and pre-sold event parking. The Winnebago St lot will always be an hourly paid lot. The two lots will be a revenue opportunity for the venue and a convenience for customers and private event clients.

Project Funding

Toffer Christensen and his real estate company, The Christensen Company LLC currently own the building having purchased it in 2023. Lake Ridge Bank holds the real estate mortgage and have been helpful in securing funding opportunities to cover the entire project. The funding for the building renovations, FF&E, and parking lot upgrades will come from a combination of traditional bank loans, Tiff Financing, a WWBIC Loan, and owner and investor cash.

Rotunda Cafe

Business Plan

Rotunda Cafe

1965 Atwood Avenue
Madison, WI 53704

608-286-1271
cruzaxis@gmail.com

Est. 2020

Rotunda Cafe opened its doors inside Lake Ridge Bank in 2020. For the better part of the last 2 years we have been owned and operated by the same team that took over the Weary Traveler Freehouse located at 1211 Williamson Street.

Mission

Rotunda Cafe is a community forward coffee shop and workspace. Given its location, it is the largest coffee shop in Madison. We work exclusively with Just Coffee Roasters. We also have partnered with various local purveyors such as Bunky's, Paul's Pel'meni and Arod's Tex-Mex. Our percent breakdown of coffee vs. food is currently 70/30.

We believe and our time here has shown that our current market is pushing us to expand our offerings and abilities to accommodate the ever changing needs of the community.

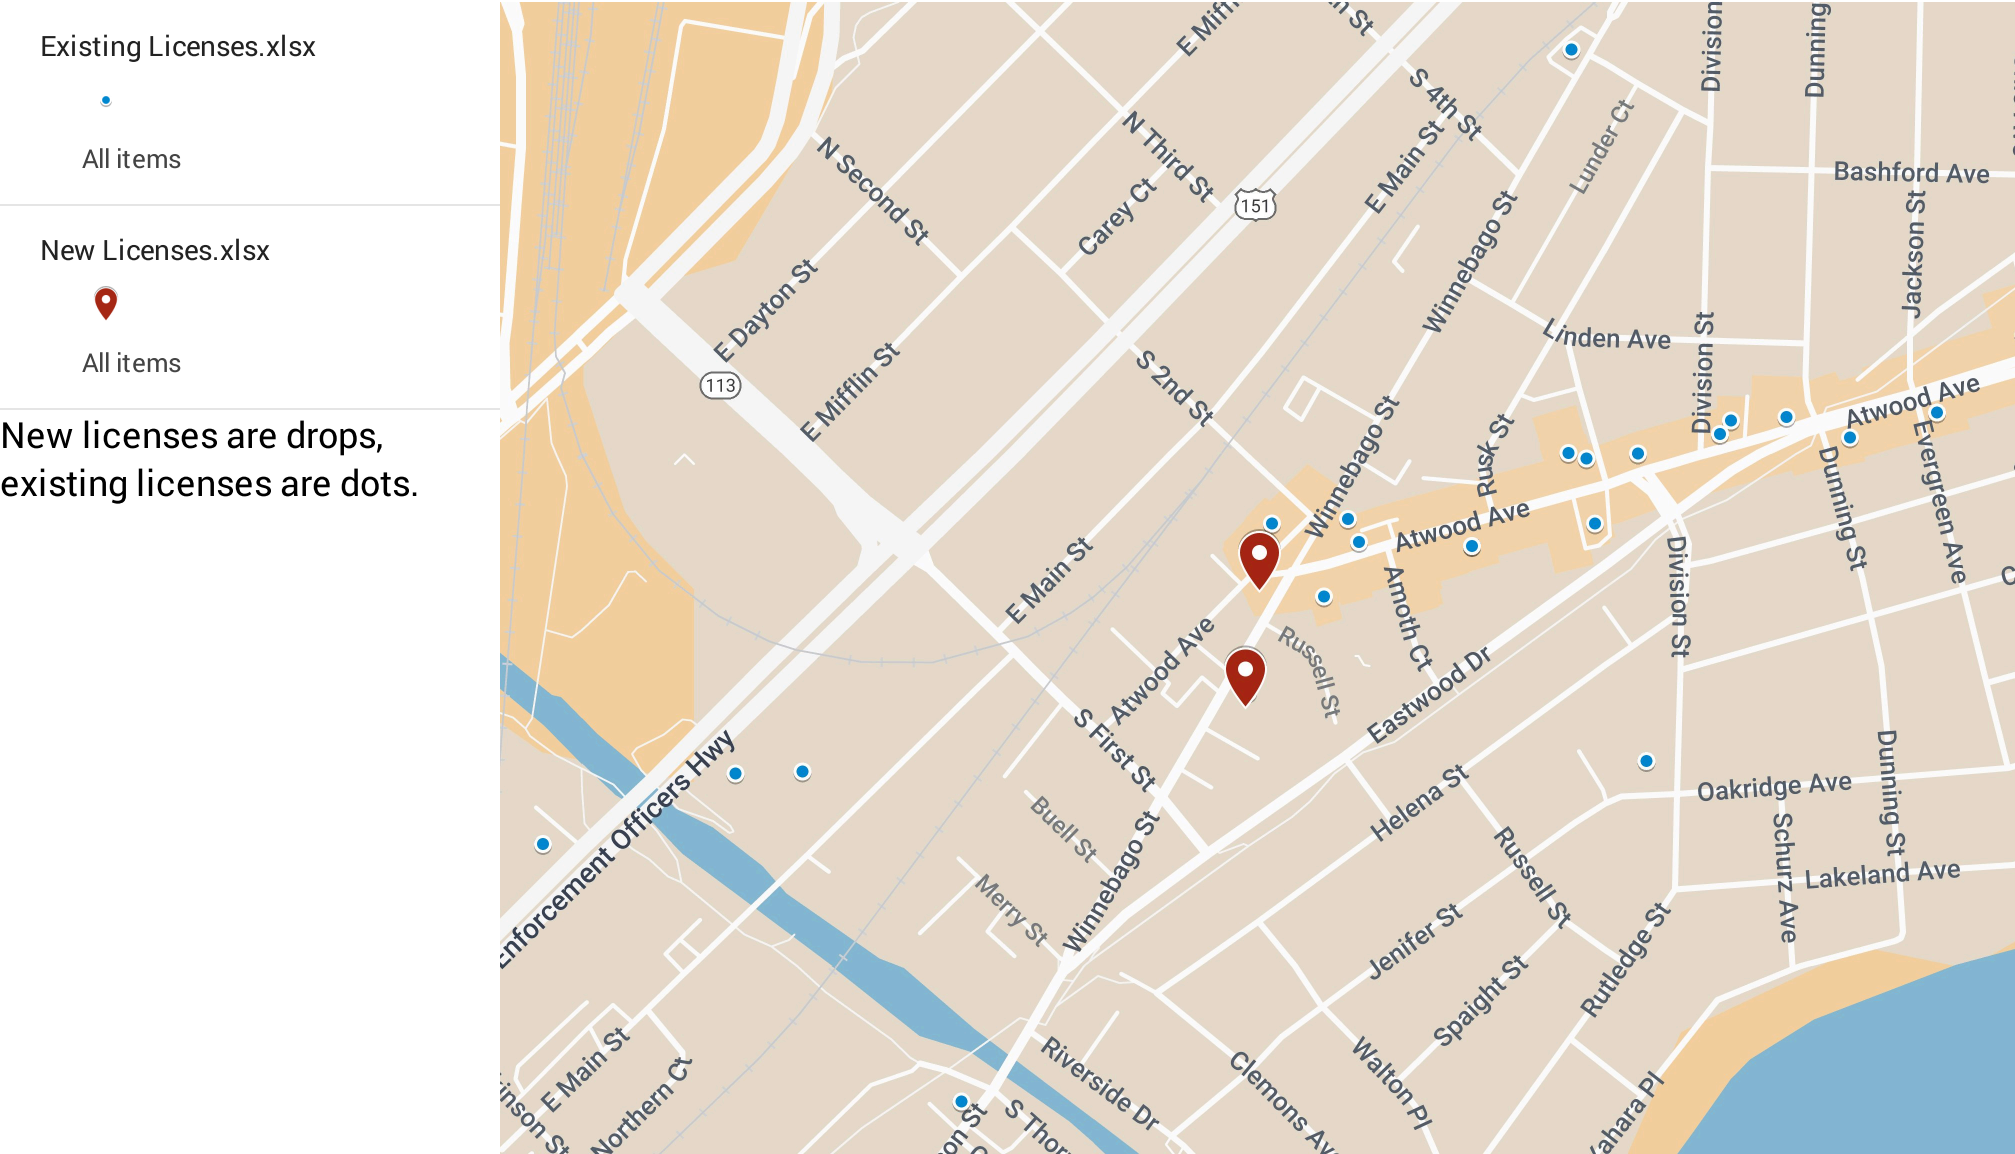

Expansion

Our current business hours of operation are Monday-Friday 8am-3pm. However, we have hosted a number of private, off-site and community events after standard hours. These events have included partnering with SASY, MNA, Strictly Discs, Pride Fest, MMOCA, Girl Scouts, Commonwealth Development, Mad City Music, Marc Maron, Ani DiFranco and Atwoodfest.

In 2025 our goal is to attain a liquor license as well as an entertainment license. If given the opportunity we will offer beer, wine and spirits during our regular business hours and also on times outside of these hours for events.

In order to stay competitive with neighborhood businesses and to meet the needs of our community we believe adding a liquor and entertainment license to our business model is necessary. However, we will stay true to our identity as a coffee shop first.

March 2025 ALRC New License

Dear ALRC committee members,

I am writing to provide a quick note of support as a neighbor for the New License sought by Rotunda Cafe LLC under consideration as agenda item #9 ([Legistar 87479](#)) at the Wednesday, March 19, 2025 meeting. Rotunda Cafe has been a wonderful coffee shop in our neighborhood since Melissa took over the location, and it has become an important "third space" for many families and remote workers in the neighborhood. Melissa and the other owners have been fully engaged with the day to day operation of the business and they have been very communicative and open with neighbors in the area since they took over this business and brought life back into a wonderful location. Many of us have been clamoring for them to expand their hours and to offer a less tavern-like option for getting a glass of wine and enjoying a chill music set. I have no concerns with their plans for expanded hours or alcoholic offerings, and look forward to enjoying more time in this fantastic location in the evenings.

I urge you to approve this New License, and look forward to enjoying Rotunda Cafe's expanded offerings soon!

Thank you,
-Ed Niles

Business Plan: Taste of Sichuan Madison LLC

Introduction

Taste of Sichuan, formerly operated by Taste of Sichuan LLC, has been a successful establishment located at 515 State St, Madison, WI 53703 for the past 6 years. Aichan "Wendy" Weng was the owner and a great leader who managed the restaurant and became well-known in the neighborhood.

Product

Taste of Sichuan, a dining-in family restaurant, serves both authentic Chinese food and American Chinese food along with domestic and imported beer.

Objective/Mission

Taste of Sichuan will continue to serve fresh and tasty food as well as providing excellent service for the neighborhood and community in Madison area.

Conclusion

As new owners of Taste of Sichuan, we will strive to serve high quality food and beverages to Madison community which is the reason we are applying a new liquor license as a new company has been established.

FYASYDE KITCHEN will be a full-serviced fairly priced restaurant. This will seat up to 69, we will specialize in a fusion of American classics and Caribbean favorites. There will be options for dinner such as Jerk Chicken, rice and beans, oxtails, curry dishes and some Jamaican inspired cocktails taking the name of each parish of the island. Lunch offerings will include some of the best smash burgers and grilled cheeses made with Wisconsin cheeses. Local brewed beers and wines from this state best wineries.

This restaurant will be owned by a joint equal partnership between Nicollette Beckford and Xavier Fuller, which makes up HOTBOX, LLC. Nicollette Beckford is the sole owner of FYASYDEKITCHEN21 LLC *dba* GRATEFUL MELT. This is located in the Wisconsin dells area, the same concept will be adapted here in a more elevated atmosphere.

The bar will be centrally located with high top tables fanning both sides of the bar and the kitchen and liquor storage area to the rear of space, making up the 2300 square feet.

Sales projections for the first year is \$500,000. This is based on the numbers obtained from the previous owners TACOS&TEQUILA LLC *dba* TABERNA. If average order per customer is \$25.00 (\$12-15 for food and \$7-10 for drinks). With 50 customers visiting each day that's approximately \$199 per square feet annually.

HOTBOX, LLC will served a large customer base, appealing to both residential and business communities by offering both lunch and dinner. With the UW-Madison in close proximity we anticipate lots of traffic for games.

March 2025 ALRC New License

Subject: ALRC 3/19/25 Agenda #11 VNA Comments
Date: Saturday, March 15, 2025 8:47:00 AM

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear ALRC (copy Alder Evers, D13)-

With regards to the 3/19/25 ALRC Agenda Item #11, Legistar 87481, the Vilas Neighborhood Association (VNA) offers the following comments and recommendation:

Xavier Fuller and Nicollette Beckford, owners of Hotbox LLC dba Fyasyde Kitchen, presented their business plan and answered questions at the VNA meeting on February 26, 2025. Alder Evers was present. The attendees expressed support for this establishment and its owners, with some concern about the proposed 2am closing time at this location. After the application was received, the VNA Council conducted an e-mail vote from 3/8/25-3/11/25 to recommend a 11pm closing time as a condition on this license. The vote was a unanimous 8-0.

Context regarding the requested condition for an 11pm closing time:

- The previous establishment at this location, Tacos & Tequila LLC (dba Taberna), had a 10pm closing time as a condition on its license.
- The establishment next door, One & Only (formerly Brasserie V), has a 11pm closing condition (but now closes at 10pm).

I contacted the owners with the results of the vote on March 12 and they were okay with this condition, so this appears to be amicable.

Thanks for your consideration,
-Doug Carlson, VNA President

Dear ALRC Members,

The applicant reached out to me and met with Vilas Neighborhood Association in a timely manner.

VNA has asked, and apparently the applicant has agreed, that the permit include a condition stipulating an 11pm closing time. I support this request as well.

Thanks,

Title

Adopting the Updated Elected and Appointed Official Code of Ethical Conduct

Body

WHEREAS, the City of Madison's vision is Inclusive, Innovative, and Thriving; and,

WHEREAS, the City of Madison is committed to equity, diversity, inclusion, equal employment and participatory government for all; and,

WHEREAS, the goal of our policy is for City work and meeting environments to be inclusive, equitable, and free of harassment, discrimination, and retaliation; and,

WHEREAS, we expect all members of the Common Council, the Mayor, and members of City Boards, Commissions, and Committees to treat their colleagues, City employees and members of the public in a welcoming, inclusive, fair, respectful, and equitable manner; and,

WHEREAS, in 2023, the Common Council passed RES-23-0000 adopting the Elected and Appointed Official Code of Ethical Conduct; and,

WHEREAS, in 2024, the Common Council passed RES-24-00450 adopting the Sexual Harassment Appendix to the Elected and Appointed Official Code of Ethical Conduct; and,

WHEREAS, the Updated Elected and Appointed Official Code of Ethical Conduct includes additional guidance on expected interactions between officials and members of the public, City staff, and the media; and,

WHEREAS, the Updated Elected and Appointed Official Code of Ethical Conduct also includes the procedure for censure of an alder for violation of the Code;

NOW, THEREFORE, BE IT RESOLVED that the Madison Common Council adopts the Updated Elected and Appointed Official Code of Ethical Conduct.

Elected and Appointed Official Code of Ethical Conduct (Updated)

The City of Madison and its elected and appointed officials (alders, mayor, and City board, commission, or committee members) share a commitment to ethical conduct and service to the city and its residents. In alignment with the City of Madison vision to be inclusive, innovative, and thriving, and its mission to provide the highest quality of service for our residents and visitors, City elected and appointed officials shall maintain the utmost standards of personal integrity, trustfulness, honesty, and fairness in carrying out their public duties, avoid any improprieties in their roles as public servants, comply with all applicable laws, and never use their position to bully, harass, or abuse others. Individuals with a wide variety of backgrounds, personalities, values, opinions, lived experiences and goals participate in the democratic process in Madison, whether on the Council, on a board, commission, or committee, or providing public comment at a Council meeting or City event.

It is vital to recognize that all Council members and BCC members choose to serve in public office and, therefore, have the obligation to preserve and protect the well-being of the community and its residents. In all cases, this common goal should be acknowledged, and elected and appointed officials must recognize that certain behavior is counterproductive, while other behavior will lead to success. Elected and appointed officials are expected to demonstrate, both publicly and privately, their honesty and integrity, and to be an example of appropriate and ethical conduct.

This Code is designed to communicate the expectation that City elected and appointed officials shall treat members of the public, City staff, and each other with respect and courtesy at all times. This policy is intended to promote an inclusive and positive work environment and working relationships and prevent unlawful discrimination.

Elected and Appointed Official Expected Conduct

This policy applies to all elected and appointed City officials and applies to any conduct or interaction that occurs at the workplace and at any location or on any platform that can be reasonably regarded as an extension of the workplace, including but not limited to the use of a telephone, voicemail, text messages, video meeting, and/or any social media or online platforms. City staff members, including department and division heads, are governed by [APM 3-5](#) and [APM 2-33](#).

City elected and appointed officials, in the performance of their duties, shall create and maintain a welcoming, respectful, and inclusive work environment and shall not engage in abusive, violent, bullying, harassing, discriminatory or other threatening or intimidating behavior or language. Bullying, harassment of, or discrimination against any person on the basis of any [City protected class](#)* status or statuses is expressly prohibited.

- **Bullying** is repeated, unwanted, aggressive physical or verbal behavior which hurts another individual, physically, mentally, or emotionally.

- **Harassment** is repeated or egregious unwelcome, intimidating, hostile or offensive actions, words, jokes or comments based on any protected class status or statuses.
- **Discrimination** is unfair treatment of an individual or members of a group based on their protected class status.

Bullying, harassment, and discrimination are demeaning to others and undermine the integrity of relationships. In the event that these shared objectives are not met, effort shall be taken to notify the individuals of the substance of the issue so that they can resolve it. Self-correction or informal resolution between parties in a timely manner is strongly encouraged, with formal sanctions only as a rare and last option if informal communication and resolution is unsuccessful.

Elected and Appointed Official Conduct with City Staff

Governance of the City relies on the cooperative efforts of elected and appointed officials who set and recommend policy and the City staff who implement and administer the Council's policies. Therefore, every effort should be made to be cooperative and show mutual respect for the contributions made by each other for the good of the community.

Council members and members of boards, commissions, and committees (BCCs) shall treat all staff as professionals. Clear, honest communication that respects the abilities, experience, and dignity of each individual is expected. Poor behavior toward staff is not acceptable. Council and BCC members should refer to staff by their title or formal salutation followed by the individual's last name in public meetings when first introduced.

All employee performance issues shall be forwarded to the Mayor, the Human Resources Director or the employee's Department/Division Head through professional, private correspondence or conversation.

Elected and appointed officials shall not attempt to unethically influence or coerce City staff concerning either their actions or recommendations to Council.

Nothing in this section shall be construed, however, as prohibiting the Council or a BCC while in session from fully and freely discussing with or suggesting to Department Heads or City employees anything pertaining to City affairs or the interests of the City.

Elected and Appointed Official Conduct Toward Participants in Public Meetings

Making the public feel welcome is an important part of the democratic process and a City strategic objective is to increase desired public participation and diverse viewpoints. For many residents, speaking in front of the Council or a committee is a new and difficult experience. Elected and appointed officials are expected to treat members of the public with care and respect during public meetings by committing full attention to

the speakers or any materials relevant to the topic at hand. Questions directed to members of the public testifying should seek to clarify or expand information, not to insult or interrogate. All elected and appointed officials should convey to the public their respect and appreciation for the public's participation, input, and opinions. In an instance where a member of the public addressing the body strays from the topic under consideration, exceeds their allotted speaking time, or exhibits behavior or language a Council or BCC member finds inappropriate, they may call point of order and request the issue be addressed.

Elected Official Conduct with the Media

When communicating with the media, elected and appointed officials should clearly differentiate between personal opinions and the official position of the City. Until a vote on any issue is taken, Council members' positions are merely their own. Council or BCC members should not discuss personnel issues or other matters regarding individual City staff in the media.

Enforcement

Formal sanctions include formal censure by the Common Council or committee of one of its members, removal of a committee member from the body, or, in limited cases pursuant to [Wis. Stat. § 17.001](#), removal of a Common Council member from office. Per state statute, alders and appointees to BCCs can only be removed by a vote of the Council for cause, meaning "inefficiency, neglect of duty, official misconduct or malfeasance in office."

Points of Order During Meetings

Violations of this Policy, when made during a chaired public meeting, may be noted promptly after their occurrence by raising a point of order and stating the violation or concern. The Council President or Chair of the meeting shall rule on the point of order, which does not need a second and is not debatable. The Chair's decision shall stand unless challenged and reversed by a majority vote of the members present and voting as an open session of the Common Council or BCC.

Communication and Reconciliation Between Council or BCC Members

Any Council or BCC member who feels a violation of this Policy has occurred during or outside of a public meeting may raise the issue privately with the other relevant member. Attempts should be made to resolve any issue in a professional, private manner. If unsuccessful, either member may ask for the assistance of the Common Council Chief of Staff or other appropriate City staff in mediating the issue or conflict.

Censure – Complaint Process and Action by Common Council

If the matter remains unresolved, the complaining Alder, City employee or community member may file a sworn written complaint with the City Clerk. The Clerk shall provide a copy of the complaint to the party alleged to be in violation. The Clerk shall provide a copy of the complaint to the Department of Civil Rights and Human Resources for review and possible further investigation or mediation, which will then provide a report on their findings to the Common Council Executive Committee.

Complaints shall first be heard by the Common Council Executive Committee, giving each party to the dispute the opportunity to be heard. If the Common Council Executive Committee, by a majority vote, so recommends, a Censure resolution shall be prepared by the City Attorney stating the findings as directed by the Committee.

If the Censure resolution is sponsored by at least two Alders, it shall be considered by the Common Council. Censure shall only be made upon a majority vote of the entire Common Council.

Elected or appointed City officials, upon entering office or being appointed as a BCC member, shall be provided a copy of this policy and shall acknowledge receipt. Failure to acknowledge receipt does not exempt an individual from the requirements of this policy.

The City shall offer trainings and other supports to promote an inclusive and welcoming environment and provide elected and appointed officials with resources to assist them in resolving any issues that may arise.

Please refer to [MGO 3.35 Code of Ethics](#) for regulations on additional aspects of conduct, such as conflicts of interest, use of public office, political activity, and receiving gifts and favors.

*City protected classes: age, arrest record, citizenship status, color, conviction record, credit history, disability, domestic partners, familial status, gender identity, genetic identity, HIV status, homelessness, less than honorable discharge from military, marital status, military/veteran status, national origin/ancestry, non-religious, physical appearance, political beliefs, race, religion, sex, sexual orientation, source of income, student status, unemployment, use or non-use of lawful products off the employer's premises during non-work hours

Appendix A

If a person has experienced or witnessed sexual harassment by an alder or member of a City board, commission or committee while such official is on City business, whether on or off City premises, including at City-sponsored events or other events which the alder or appointed individual attends in their official capacity, the Council encourages the following steps:

- If the person feels comfortable and safe, the person can address the matter informally with the alder or appointed individual.
- The person can report the matter to another alder; the alder will connect the person with the Common Council Chief of Staff.
- The person can contact the Council Chief of Staff; the Chief of Staff will connect the person with the appropriate personnel to report their claim.

Prohibited Conduct:

Examples of actions that could constitute sexual harassment include, but are not limited to:

- Preferential treatment in return for submitting to or engaging in sexual conduct
- Making derogatory or demeaning comments about someone's sexual orientation or gender identity (including but not limited to consistently misgendering an individual)
- Name-calling or using slurs with a gender/sexual connotation
- Making sexual comments about appearance, clothing or body parts
- Rating a person's sexuality
- Asking for sex or sexual conduct
- Asking a person for dates in a coercive manner, or repeatedly asking for a date after having been turned down
- Staring in a sexually suggestive manner
- Unwelcome touching, including pinching, patting, rubbing, or purposefully brushing up against a person, making inappropriate sexual gestures
- Unwelcome sharing of sexual or lewd anecdotes or jokes
- Unwelcome sending of sexually suggestive communications in any format
- Sharing or displaying sexually inappropriate images or videos in any format not necessary for work purposes
- Attempted or actual sexual assault

Reporting:

A person who feels that they have been harassed by an alder or an appointed individual while acting in their official capacity may report the matter to the organizer of the event or relevant meeting authority or the Council Office Chief of Staff. The organizer of the event or the meeting authority will be expected to take appropriate action by its applicable policies, regulations, and rules and shall notify the Council Office Chief of Staff.

Examples of appropriate action may include, but are not limited to:

- Requesting the perpetrator to stop the offending behavior immediately
- Conveying the complaint to the Council Office Chief of Staff

The Council Office Chief of Staff will connect the individual reporting the conduct with the Department of Civil Rights, Human Resources, and the City Attorney. After talking to the

complainant and, if different, the person who was the alleged subject of the sexual harassment, the Department of Civil Rights, the Human Resources Department, and the City Attorney will decide if an investigation or referral to any other agency is needed. Any action taken as a result of an investigation shall be under the applicable Federal, State or City law or applicable City procedure.

Debriefing:

If the Department of Civil Rights, Human Resources, and the City Attorney complete an investigation upon completion of their investigation they shall debrief the complainant, the respondent, the Council President and the Council Office Chief of Staff on the findings of the investigation.

Release of Summary of Findings or Related Documents:

After consideration of safety-related concerns and confidentiality needs related to the investigation, the Common Council President may issue a public summary of findings.

The City will ensure compliance with Wisconsin's Public Records Laws in release of any required documents, redacting such information as required by law.

Retaliation:

Threats, intimidation, or any other form of retaliation against a person who has made a complaint or provided information supporting a complaint are prohibited. An alder or appointed individual or any other entity responsible for Council events will take any reasonable and appropriate action to prevent and respond to retaliation per its applicable policy, regulations, and rules.

Title

Amending Section 38.05(9)(a) and creating 38.05(b) and (c) of the Madison General Ordinances related to Class A and Class "A" alcohol beverage licenses to impose geographic limitations on "Class A" and Class "A" license applications considered by the Common Council after adoption of this ordinance for purposes of regulating density of such alcohol beverage licenses.

Body

DRAFTER'S ANALYSIS: This ordinance provides an objective basis for limiting the granting of liquor licenses for "Class A" and Class "A" establishments for the purpose of limiting density and proximity of such licenses to sensitive sites. A "Class A" license authorizes the retail sale of intoxicating liquor for consumption off the licensed premises where sold in the original packages and containers (also authorizes on premises free taste samples in limited quantities). A Class "A" license authorizes retail sales of fermented malt beverages (e.g. beer, wine coolers) for consumption off the licensed premises where sold and in the original packages, containers, and bottles (also authorizes on premises free taste samples in limited quantities). No sale of alcohol beverages is permitted between the hours of 9 pm and 8 am. Currently there are no limitations on how many "Class A" and Class "A" alcohol beverage licenses can be approved and issued by a municipality. The decision to limit such licenses lies within the individual municipality. The City of Madison currently has 131 active Class A licenses. An applicant has no legal right to the issuance of an alcohol beverage license. Such license is a privilege, not a right. This amendment seeks to limit density and concentration of "Class A" and Class "A" alcohol beverage licenses near sensitive sites by imposing geographic limitations. Research has shown that an over-concentration of alcohol outlets increases the level of alcohol-related disorder and crime. High alcohol outlet density is associated with many social harms among neighborhoods in and around the alcohol outlets, such as disorderly conduct, noise, neighborhood disruption, public nuisance, and property damage. High alcohol outlet density is also linked with many alcohol-attributable effects among neighborhoods further away from alcohol outlets, such as alcohol-impaired driving, pedestrian injuries, domestic violence, and child abuse and neglect. The Task Force on Community Preventive Services (Campbell et al., 2009) recommended that "limiting alcohol beverage outlet density-either by reducing density levels or limiting density growth-can be an effective means of reducing the harms associated with excessive alcohol consumption." This ordinance would apply to all Class A license applications filed with the City of Madison Clerk's Office, or already on file in the Clerk's Office but not yet granted, upon adoption.

The Common Council of the City of Madison do hereby ordain as follows:

1. Subdivision (a) entitled "Class A License" of Subsection (9) entitled "Limitation Upon Issuance of Licenses" of Section 38.05 entitled "General Licensing Requirements" of the Madison General Ordinances is amended as follows:

- "(a) Class A License- Applicant Qualifications: No Class A license shall be granted except to a person who is ~~of good moral character~~ qualified under Wis. Stat. s. 125.04(5), and who has resided in the State of Wisconsin continuously for not less than ninety (90) days prior to the date of filing the application for license. No such license shall be issued to any person acting as agent for or in the employ of another. The individual licensee of a Class A license shall continue to be a resident of Wisconsin during the term of her/his license. The Common Council may revoke such license when such individual applicant ceases to be a resident of Wisconsin during the term of her/his license, but such revocation shall only be had following the giving of proper notice to the licensee and a proper hearing before the Alcohol License Review Committee.

2. Paragraph 1. entitled "Geographic Limitations" and Paragraph 2. entitled "Exemptions" of Subsection (9) entitled "Limitation Upon Issuance of Licenses" of Section 38.05 entitled "General Licensing Requirements" of the Madison General Ordinances are created as follows:

- "1. Geographic Limitations. No "Class A" or Class "A" license shall be granted or issued for an establishment under the following conditions:
- a. If the site is within the distance restriction, and other provisions in MGO 38.05(3)(f) related to schools, churches, hospitals, and libraries.
 - b. If the site is within one thousand three hundred and twenty (1,320) feet of an entity providing services to unhoused individuals. This distance shall be measured in a straight line from the two entities' nearest parcel boundaries.
 - c. If the site is within one thousand three hundred and twenty (1,320) feet of the boundary of any parcel occupied by a treatment facility as defined in Wisconsin State Statute Chapter 51. This distance shall be measured in a straight line from the two entities' nearest parcel boundaries.
 - d. If the site is within one thousand three hundred and twenty (1,320) feet of any public park. This distance shall be measured in a straight line from the nearest parcel boundaries of the establishment and the park.
2. Exemptions. The following establishments are not subject to the geographic limitations set forth in subsection (b):
- a. Drug stores/pharmacies that are licensed by the Pharmacy Examining Board pursuant to § 450.05, Wis. Stat.
 - b. Grocery stores that regularly and customarily sell grocery items for off-premises consumption. These establishments shall have and maintain groceries that are readily available to the public. "Grocery stores" shall not include establishments that provide automobile services, such as gasoline sales, automobile service, or repair."

Hello,

I commend Alds. Regina Vidaver, Sabrina Madison and Derek Field for taking a bold stance on limiting alcohol outlet density in Madison. I have been urging this for several years but gave up due to a lack of response from elected officials. I am glad it is being given more consideration.

I would also urge the Council to consider not only liquor stores, but also other outlets, when considering density. I am attaching a comprehensive review I completed a while ago looking at the issue.

Also, I live right next to Hawthorne Library and strongly oppose the liquor store being proposed for across the street. I will submit my comments to my Alder and the ALRC.

Kind Regards,
Dan Nordstrom

Alcohol Outlet Density in Madison, Wisconsin (Updated: 6/12/21)

Dan Nordstrom, LCSW

Limiting alcohol outlet density is one of the best ways for communities to address the many economic and social costs caused by excessive drinking.

This paper will provide an overview of the problem of excessive drinking, explain what Alcohol Outlet Density is and to encourage policymakers to create responsible alcohol outlet density policies based on recommendations by the Centers for Disease Control and other public health organizations.

The Impact of Alcohol Overuse on Health and Safety

Excessive and chronic drinking contributes to a national epidemic of alcohol abuse, including causing 88,000 alcohol related fatalities per year and high rates of alcohol dependence. Alcohol use is the 3rd highest cause of preventable death.¹ Alcohol is involved in one quarter of suicides,² as well as deaths, illnesses and injuries from fires, drowning, sexual assaults and other violence, alcohol poisoning, fetal alcohol syndrome, miscarriage, risky sexual behaviors, high blood pressure, heart disease, stroke, liver disease, digestive problems, cancer (breast, mouth, throat, esophagus, liver, and colon), depression, anxiety, learning and memory problems, and dementia.³ A large study found in a 2018 report that there is no safe amount of alcohol use in terms of cancer risk.⁴ Another major study published in 2018 in the prestigious Lancet found there is no health advantage to consuming any amount of alcohol. Instead the study found that there are significant risks and costs.⁵ In 2019 a study also published in the Lancet debunked the argument that moderate drinking lowers the risk of stroke.⁶ Furthermore, there is no safe amount of alcohol consumption of a mother that is safe for a developing fetus.⁷ According to national statistics, Fetal Alcohol Spectrum Disorders are observed in between 2-5% of all children, which is a higher prevalence than Autism.⁸

The issue is getting worse. A recent article in the New York Times found that alcohol related ER visits have increased 50% since 2000, as well as finding that cirrhosis of the liver cases in the U.S. have increased after having decreased for decades.⁹ Falls and dementia rates, mostly affecting citizens over the age of 65, have been found to be twice as high among those diagnosed with alcohol use disorder.^{10 11}

Injuries from motor vehicle accidents and violence can be largely attributed to alcohol use, representing approximately one-third of all traffic fatalities involving automobiles, motorcycles and pedestrians.¹² Children and elderly pedestrians are especially at risk of injury or death due to intoxicated drivers. Half of all pedestrians killed by cars were killed when either the pedestrian or driver had been drinking. One in every five children under age 15 killed in traffic accidents are pedestrians. People 65 or older were 19% of all pedestrians killed in traffic accidents in 2015.¹³ Wisconsin has higher arrest rates than the nation overall for operating a motor vehicle while intoxicated and more than three times the national rate of arrests for other liquor law violations. Our citizens also have the highest rate of self-reported drinking and driving in the country.¹⁴ Nationally, “There are more alcohol-impaired driving deaths per year than deaths attributable to certain cancers, HIV/AIDS, and drownings.”¹⁵

With regard to injuries and deaths due to violence, one study showed, “Approximately 2 in 5 violent deaths and 1 in 4 emergency department visits for violence-related injuries are due to excessive alcohol use.”¹⁶ ¹⁷ Alcohol is also the most frequently used substance involved in sexual assault, and is found to be used by the survivor, the perpetrator or both in half of all reported cases of sexual assault.¹⁸

The Impact of Alcohol Overuse on the Economy

Studies have also found an economic burden on states, counties and cities as public safety, human services, legal and medical resources are impacted. A 2019 report issued by the Wisconsin Population Health Institute found that the cost of alcohol policies in Wisconsin cost taxpayers approximately \$3.9 billion.¹⁹ Nationally, a report released in 2016 by the US Surgeon General found that social costs of alcohol misuse to be \$249 billion.²⁰ As a comparison, the opioid epidemic causes \$78.5 billion in social costs per year to the country.²¹ These costs include the financial impact that communities, states and society in general bear including missed days at work, health and law enforcement costs and deaths. Homelessness is also exacerbated by alcohol and other drug use.²²

The economic health of cities and neighborhoods are adversely affected by higher alcohol outlet density because bars and restaurants crowd out other types of businesses. While bars and restaurants do

employ many people in our economy, workers are often not paid as well as in other types of businesses.²³ The city of Madison is currently studying the impact of alcohol outlets on surrounding businesses.²⁴

Community development is also heavily impacted as nonprofits, grocery stores, affordable housing and other needed public enterprises are not able to compete with the rent paid for commercial real estate by restaurants and bars.

Wisconsin's complicated relationship with alcohol

Our City and State's approach to alcohol consumption is problematic and alarming. Wisconsin citizens have higher rates of excessive drinking as well as risk factors and outcomes affecting individuals, families and communities as compared to other states. A 2016 report found that Madison residents have the 4th highest percentage of residents who report drinking heavily or engaging in binge drinking.²⁵ Nationwide, Wisconsin is 1st place in residents who engage in chronic and heavy drinking.^{26 27} Among women between the ages of 18 and 44, Wisconsin has the highest rates of both any alcohol use in the previous month and of binge drinking.²⁸ There has been a disturbing rise in proportion of deaths among women due to alcohol nationally in the past twenty years, as well as during the 2020-2021 pandemic.²⁹

Contrary to popular belief, binge drinking is a larger problem than chronic alcohol dependence and is associated with greater health, safety, economic and social impacts. Almost all people who drink excessively do not meet the definition of meeting the diagnostic criteria for having a severe alcohol use disorder.³⁰ Binge drinking is defined as having a Blood Alcohol Concentration (BAC) above 0.08% during one sitting, or about 4 drinks in a two hour period for women or 5 drinks for men.³¹

According to the Wisconsin Alcohol Policy Project, the state's higher drinking rates and negative outcomes are not due to Wisconsin's culture, but rather, are affected by a strong business lobby that opposes limiting the availability of alcohol or by increasing its costs. Wisconsin's problem is caused by the, "4 A's:" of Availability, Attractiveness, Affordability, and Acceptance.³² Wisconsin Public Radio published a series on this subject on May 13, 2019, titled, "High Tolerance: Wisconsin's Complicated Relationship with Alcohol."³³

Overview of Alcohol Outlet Density

Alcohol availability can be measured by comparing Alcohol Outlet Density by population. Alcohol outlets include all, “gas stations, bars, liquor stores, tasting rooms and restaurants.”³⁴ Dane County has a rate of 1 alcohol outlet for every 440 residents. While this rate is lower than the state average of one outlet per 330 residents, it is higher than the national average of one outlet per 1,400 residents.³⁵ In Aldermanic District 6 I found there to be one outlet per approximately 150 residents (approximately 90 outlets for 13,500 residents).³⁶ A Google map of all alcohol outlets in Aldermanic District 6 is available on my personal website.³⁷ An updated map of alcohol outlet density is available from the City of Madison.³⁸

The impacts on the areas where there is a high concentration of alcohol outlets are well understood. A meta-study published in 2008 found that, “Neighborhoods where bars, restaurants and liquor and other stores that sell alcohol are close together suffer more frequent incidences of violence and other alcohol-related problems.”³⁹ This is backed up by a 2019 study completed by the City of Madison.⁴⁰

The widespread availability of alcohol has a negative economic and public health impact on our city and state, and it is getting worse. The trend will continue without effective municipal and state policies to balance the availability of alcohol with the public interest. Limiting alcohol outlet density is an effective method to save taxpayer dollars, help the local economy and improve public health and to prevent violence, crime, injuries and death.

Madison imposed a moratorium on new taverns in the downtown area from 2007-2014, but failed to include restaurants in the ordinance.⁴¹ A proposal in Madison that was recently considered would have restricted additional alcohol outlets in certain high density areas.⁴² There is a current moratorium on new outlets in a small district near the UW-Madison Campus, called the Alcohol Overlay District, that was imposed in 2014 and scheduled to be discontinued at the end of 2019.⁴³

Recommendations

The City of Madison should impose a moratorium on new alcohol outlet licenses in neighborhoods in excess of alcohol outlets at a rate of 1 per 400 residents in each aldermanic district. Furthermore, alcohol should be limited in locations adjacent to places where children are present including schools, parks, churches, community centers and other public places.

In addition to imposing limits on Alcohol Outlet Density, the City of Madison should explore placing (a) limits on drink specials, (b) limits on alcohol advertising in public areas, (c) limits on outdoor seating at bars and restaurants that serve alcohol, (d) limiting alcohol sales at athletic and community events, (d) avoid alcohol sales near schools, parks and community centers, and consider (e) increasing funding for the prevention of alcohol misuse through public safety, human services and public health agencies.

Re: Effectiveness of Placing Geographic Limitations on Where New Class A Licensed Premises may be Located as a Strategy for Reducing Excessive Alcohol Use and Alcohol-Related Harms

Issue: How would a proposed ordinance placing geographic limitations on new Class A off-premises alcohol licenses be anticipated to impact public health and safety?

Brief Answer: Violence, injury, and underage drinking is greater when alcohol is abundant and available for off-premises consumption, such as in situations where there is a high density of Class A off-premises alcohol retail outlets. Reducing the density of Class A off-premises outlets can decrease violence, injury, and underage drinking. Placing a moratorium on new liquor stores in areas near facilities that serve children, people with developmental disabilities, unhoused people, and people in treatment for mental illness or substance use, could improve the public health of some of the city's most vulnerable populations.

Background: The effects of alcohol outlet density and violence, injury, and underage drinking have been extensively studied, with evidence from many countries, including the United States. Thomas Babor, *et al.* have summarized the effectiveness of various policies to reduce alcohol consumption and alcohol related problems in their book, *ALCOHOL NO ORDINARY COMMODITY*, 3rd Ed. Regarding outlet density, they summarize, "Major changes to outlet density . . . clearly affect consumption and harm rates. Evidence for gradual changes . . . is strongest for violence."ⁱ Restricting the spatial availability of alcohol is "consistently associated with reductions in both alcohol use and alcohol-related problems."ⁱ

Analysis: Increased Class A off-premises alcohol outlet density is associated with increased underage drinking, increased assaults, street violence, domestic (and intimate partner) violence, motor vehicle crashes, and other forms of injury.ⁱⁱ The size of the outlets may also be a factor, as places that sell large quantities of alcohol are also associated with increases in consumption, injury, and violence.ⁱⁱⁱ

Multiple studies have shown that the more alcohol is available in a neighborhood, the more adolescents consume alcohol.^{iv} A key study showed that for every 10% increase in overall alcohol outlet density there was a 17% increase in the odds that a teenager would drink alcohol the next year.^v In other words, the more alcohol outlets there are in a community, the more teens drink. One effective way to keep the number of alcohol outlets low and allow reduction by attrition is to not grant licenses for new alcohol outlets. The proposed ordinance would

effectively prohibit new Class A licenses for liquor stores and gas station/convenience stores in areas within 1,320 feet of facilities that provide services for unhoused individuals, facilities that provide mental health or substance use treatment, and public parks. With time and attrition, the ordinance may result in reduced numbers of Class A off-premises retail alcohol outlets in Madison.

Off-premises alcohol outlets tend to be crime generators. Reducing the number of off-premises retail alcohol outlets reduces violence. There are several reasons for this:

- One is that “Reducing supply by restricting physical availability will increase effort to obtain alcohol, and thereby reduce total volume consumed as well as alcohol-related problems.”^{vi}
- Another is that alcohol is a pharmacologically psychoactive beverage that dulls the reflexes and disinhibits behavior – which makes people both more likely to offend and to be victimized, thereby increasing the likelihood of accidents, violence, and injury. Reducing its availability reduces its use, and thereby reduces the violence and injury associated with it, such as motor vehicle crashes, falls, domestic violence, and other assaults.
- A third reason is that alcohol stores provide places where people can congregate, attract people from outside communities who are not interested in caring for the community where they are shopping or who may be looking for opportunities for criminal activity, and at the same time do not provide “guardians” who can supervise the drinking. Prof. Alexandra Snowden, who works at Marquette University, writes:

Off-premise alcohol outlets may serve as crime attractors that bring to these premises the motivated offenders in search of vulnerable targets in places that lack capable guardians. In the context of off-premise alcohol outlets, the guardianship over vulnerable targets is limited as the patrons’ visits to the outlets typically last just long enough to purchase the product. . . . Some off-premise alcohol outlets may specialize in the sale of single-serve products that are designed for immediate consumption, and may attract the patrons to the premise in search of the product that can be consumed immediately following the purchase in the near vicinity of the outlet, creating the opportunity for motivated offenders to act upon.^{vii}

Dr. Snowden has done extensive research on violence and alcohol outlets in Milwaukee. She found that many types of violence and crime associated significantly with the

density of Class A off-premises outlets, including assault, robberies, and domestic violence, even controlling for neighborhood characteristics. She also found that the effect of off-premises Class A outlets on violence, especially male-on-female domestic violence occurred not just in the neighborhood where the outlets were located but also in immediately adjoining neighborhoods.^{viii} In addition, during the COVID-19 pandemic, the increased use of off-premises outlets as the source of alcohol (as opposed to drinking socially in controlled on-premises environments such as restaurants and bars) probably contributed to greater levels of drinking and likely contributed to increased domestic violence. Dr. Snowden recommends:

The first step in reducing domestic violence would be to also reduce the number of off-premise alcohol outlets operating within adjacent neighborhoods and prevent new off-premise alcohol outlets from opening in neighborhoods which already have a large concentration of off-premise alcohol outlets, and which border neighborhoods with similarly high concentrations of such outlets.^{ix}

Conclusion: Reducing the concentration of Class A off-premises alcohol outlets and reducing the amount of alcohol sold by individual Class A off-premises alcohol outlets are both policies that can result in less underage alcohol consumption, and lower rates of violence and injury. An ordinance that limits the availability of Class A licenses may decrease the amount of underage drinking and decrease rates of violence and injury in the community.

Members of the Alcohol Licensing Review Committee:

The Greater Madison Chamber of Commerce Board of Directors opposes the proposed changes to Madison General Ordinances (File #83669) that would place new citywide regulations and restrictions on alcohol licensing.

We appreciate the author's communication and desire to seek input on the issue from local businesses. Ultimately, we believe this is a solution in search of a problem with potential significant consequences for small businesses and entrepreneurs.

Addressing chronic alcohol use is a worthwhile and understandable objective, but a citywide policy that does not consider unique neighborhood characteristics and needs is an ill-advised approach.

From a business perspective, there are still many unanswered questions. What does this mean for businesses looking to renovate? Will this policy serve as a disincentive to making improvements for fear of losing a license? Blanket policies treat all Class A licensed establishments the same, including new, innovative business models that serve as neighborhood gathering establishments with multiple functions, including coffee shops, arcades, bookstores and tasting rooms. Are these the type of businesses we want to reduce in Madison?

Perhaps most importantly as to why this is a solution in search of a problem is the process. The Alcohol Licensing Review Committee already has the authority to reject and renew alcohol licenses where problems occur.

Again, while we appreciate the intent and transparency, there are other ways to tackle these issues beyond a citywide blanket policy that stands to negatively impact small business.

Feel free to contact me directly if you have any questions or comments.

Thank you.

MADISON ALCOHOL ADVISORY COUNCIL

To: City of Madison Common Council
City of Madison Alcohol License Review Committee

From: Madison Alcohol Advisory Council

Date: June 25, 2024

Subject: Opposition to Proposed City of Madison Ordinance Related to Geographic Limitations on "Class A" and Class "A" License Applications

On behalf of alcohol beverage industry stakeholders, the Madison Alcohol Advisory Council writes to express concerns with the proposed ordinance (File #83669) to impose geographic limitations on "Class A" and Class "A" license applications considered by the Common Council.

While the goal of addressing excessive alcohol use and alcohol related issues is laudable, we do not believe blanket geographic limitations on alcohol beverage retailers to be an effective strategy. As a result, we respectfully urge the Common Council to oppose this proposal.

First, by exempting large, institutional and chain grocery stores from the new license restrictions, the proposed ordinance discriminates against small, independent businesses, many of which are owned by persons of color and new residents to our community and country. We are unaware of any evidence that shows alcohol related disorder and crime is tied to the location of Class A licensed establishments, or a density of these licensees. Moreover, there certainly is no evidence indicating that that small, neighborhood retail outlets are more problematic for the City than large, regional grocery stores.

Another consequence of eliminating small, neighborhood retail outlets is that it would likely diminish local foot and bicycle traffic while encouraging the use of motorized vehicles to travel to larger, regional grocery stores. Additionally, by discouraging the development of small neighborhood retail stores, the problem of food deserts in the community is almost certain to be exacerbated.

Public support for the proposed policy also appears to be minimal. According to a University of Wisconsin Population Health Institute survey of opinions regarding alcohol use and related problems in the Greenbush-Vilas neighborhood, the majority of respondents felt that limiting alcohol outlet density would be ineffective¹. Few people surveyed thought that extending the City's Alcohol Licensing Density Ordinance would be an effective method of limiting excessive drinking.

As you know, the City has experienced a significant rise in locally owned and operated breweries, wineries and distilleries in recent years. Unfortunately, the proposed ordinance has the potential to negatively impact these small craft producers as it would result in fewer small, neighborhood retail outlets who are more likely to sell locally produced alcohol beverages than the large grocery chains which are unaffected by the license limitations.

Lastly, it is important to recognize the proposed ordinance is unnecessary as the Alcohol License Review Committee and Common Council already hold the authority to reject, revoke, or refuse to renew alcohol licenses. Limiting the number of alcohol beverage retail licenses can currently be done on a license-by-license basis as each applicant comes before the ALRC and Council.

For these reasons, we respectfully ask the Common Council to reject the proposed geographic limitations on "Class A" and Class "A" licenses in the City of Madison.

Thank you for your consideration.

To Members of the Madison City ALRC,

I wish to comment in writing on the following topics scheduled for the June 26, 2024 ALRC agenda.

55. 83669 Amending Section 38.05(9)(a) and creating 38.05(b) and (c) of the Madison General Ordinances related to Class A and Class "A" alcohol beverage licenses

- I am in support of decreasing Alcohol Outlet Density, and urge the ALRC to address policy gaps in this area. In addition to the comments on page 226 of the Agenda packet, I wish to suggest that geographical/distance rules should include COMMUNITY HEALTH CLINICS and COMMUNITY CENTERS in addition to schools, churches, hospitals, and libraries.
- I recommend the ALRC discuss why they use 300 feet should be the appropriate distance for a new Class A outlet from one of these entities, and perhaps consider recommending that it be extended to be the same distance as the other proposed distances of 1,320 feet from the parcel boundaries.

56. 82871 Public Hearing - New License Refuel Pantry Inc • dba Refuel Pantry 2702 E Washington Ave

- This is an inappropriate location for a new license due to the existing high density of Alcohol Outlets in this area, and its proximity to the Dane County and City of Madison Public Health Department office as well as Hawthorne Public Library.

Note: I live at 2418 Winnebago St. (Union Corners) and am a parent of a child attending MMSD.

58. 83199 Public Hearing - New License MPL Corporation Investment • dba Crown Liquor 3510 E Washington Ave

-

I oppose this new license due to the existing high density of licenses in the area, as well as its proximity to Madison College - Truax as well as the East Madison Community Center.

64. 83708 Public Hearing - New License Sai Mart Atwood Inc • dba Atwood Mart 2801 Atwood Ave

- I oppose this license due to the existing high density of alcohol outlets in the area as well its proximity to the Goodman Community Center.

Thank you for considering.

Hello,

In response to a letter submitted by lobbyists representing alcohol manufacturers, distributors and vendors calling themselves the Madison Alcohol Advisory Council, I wish to respond to some confusing assertions:

1. The new ordinance would not 'eliminate' any existing retailer, nor would it prohibit anyone from selling alcohol under a current license. I don't know why the lobbyists would suggest that anything is being eliminated from what currently exists.
2. There is evidence showing harms from the density of alcohol outlets. Here are two sources: Impacts of Alcohol Outlet Density on the Provision of City Services (2019) City of Madison Finance Department, Public Health Madison & Dane County. Retrieved from the web on October 24, 2019 at <https://madison.legistar.com/View.ashx?M=F&ID=7813515&GUID=53CD62F3-B627-4872-BBB8-BF157B34E768>
Stewart, Kathryn. (2008). How Alcohol Outlets Affect Neighborhood Violence. Pacific Institute for Research and Evaluation, Prevention Research Center, UC-Berkeley. Retrieved from the web on December 20, 2017 at <http://resources.prev.org/documents/AlcoholViolenceGruenewald.pdf>
3. I agree that grocery stores should not be exempt. Alcohol outlets should include any type of business where alcohol is dispensed, and this is how Alcohol Outlet Density is defined.

My hope is that the ALRC and the city of Madison will seriously consider Alcohol Outlet Density and come up with meaningful guidelines that both protect the public, conserve city and nonprofit resources, and also respect the interests of the business community and rights of consumers.

As a possible suggestion, I propose the following Alcohol Outlet Density Guidelines:

The City of Madison should impose a moratorium on new alcohol outlet licenses in neighborhoods in excess of alcohol outlets at a rate of 1 per 400 residents per aldermanic district. Furthermore, alcohol should be limited in locations adjacent to places where children are present including schools, parks, churches, community centers, libraries, clinics, hospitals, treatment centers and other public places, with a rule of at least 1,000 feet distance between the nearest corner of the parcel of the proposed license.

Thanks for considering,
Dan Nordstrom

The applicant has not followed up on this application since it was referred over a year ago. I held a neighborhood meeting on 6/12/23 and about 31 people attended. Some people were in general support of the application but some nearby neighbors, affected by noise from the rear parking lot and concerned about violations of the existing conditions on the license (especially no trash pick up between 9p and 7a), were in strong opposition to having a rear yard patio. I don't understand how the application could be lost in limbo after two referrals and appreciate Deputy Clerk Jim Verbick placing it on the agenda for resolution. I support placing this application on file without prejudice.

The applicant informed me after receiving input from the MNA Preservation and Development Committee and nearby residents at MNA P&D's May 14 meeting, that he and his team discussed the feedback received about how noise travels up the hill into nearby residents bedrooms (based on Plan B nightclub experience) and decided to withdraw the 21+ E license application and instead plans to extend food service hours. I support the withdrawal.

55. 83669 Amending Section 38.05(9)(a) and creating 38.05(b) and (c) of the Madison General Ordinances related to Class A and Class “A” alcohol beverage licenses to impose geographic limitations on “Class A” and Class “A” license applications considered by the Common Council after adoption of this ordinance for purposes of regulating density of such alcohol beverage licenses.

(Lowest level of “disadvantage”)
- ADI Class 2
- ADI Class 3
- ADI Class 4
- ADI Class 5
- ADI Class 6
(Highest level of “disadvantage”)

Summary Table:

Class A license rates skewed toward areas with **mid-and higher-level** Area Deprivation Index classes.

ADI class	Number of licenses (active + pending)	Total population of census block groups within ADI class	Rate of licenses per 100,000 population
1	2	10,795	18.5
2	11	53,007	20.8
3	60	94,159	63.7
4	43	79,820	53.9
5	14	24,485	57.2
6	1	2,127	47.0
NA	7	21,118	33.1
Total	138	285,511	48.3

Data Notes:

- Some block groups do not receive an ADI rank (“NA” in the above table) because they have low population and/or housing, a high group quarters population, or questionable data integrity due to missing data. Six of the seven licenses located in block groups without an ADI rank are located in the downtown Madison/campus area which has many students and a high percent of the population living in group quarters.

- Census block group populations were obtained from the 2020 Census. The total population of 285,511 is larger than the total Madison population of 269,840 because some block groups cross city boundaries. A limitation of this map is that it only contains licenses for the City of Madison, and there may be additional alcohol establishments within these block groups that are outside of the city of Madison.
- ADI national percentiles were used to categorize each Census block group. The percentiles for the Madison block groups had a range of 1-86. These were then converted into an ADI Class of 1 through 6 by using equal intervals:
 - ADI Class 1: ADI national percentile of 1-15
 - ADI Class 2: ADI national percentile of 16-29
 - ADI Class 3: ADI national percentile of 30-43
 - ADI Class 4: ADI national percentile of 44-57
 - ADI Class 5: ADI national percentile of 58-71
 - ADI Class 6: ADI national percentile of 72+

About the [Area Deprivation Index \(ADI\)](#)

The Area Deprivation Index (ADI) is based on a measure created by the Health Resources & Services Administration (HRSA) over three decades ago, and has since been refined, adapted, and validated to the Census block group neighborhood level by Amy Kind, MD, PhD and her research team at the University of Wisconsin-Madison. It allows for rankings of neighborhoods by socioeconomic disadvantage in a region of interest (e.g., at the state or national level). It includes factors for the theoretical domains of income, education, employment, and housing quality. It can be used to inform health delivery and policy, especially for the most disadvantaged neighborhood groups.

To whom it may concern,

I wanted to share my opinion on agenda item 55 in the alcohol license review committee. I am proposing that the already dense population of establishments selling and serving liquor in the East Washington Ave area be considered similar to downtown in regards to agenda item 55, which would enact restrictions on future licensing opportunities based on existing license density. With a quick Google search it is easy to find > 20 liquor stores in less than a 5 mile radius just east of the isthmus, not to mention the numerous restaurants serving alcoholic beverages. As a loyal customer of multiple restaurants and stores in the East Wash area, several of which serve and sell alcohol, I am concerned that continuing to grant additional licenses in this area will have a significant negative impact on these local businesses currently serving alcohol to Madison natives. Therefore, I am hoping that the East Washington Ave and adjacent areas be strongly considered along with the downtown area for the agenda item #55 discussion, which would take into account the high density of existing alcohol licenses in this area of the city as it has for downtown Madison.

Thank you,

Grayson

Alders -

I'm not in favor of the current proposal to limit new class A licenses within 1/4 mile of many uses, including parks, schools, libraries, etc. But maybe not for the reason you have heard before.

Many grocery stores can only exist financially by selling beer, wine, and other alcoholic beverages. In mixed-use areas of the city, with many schools and small parks, new local grocery stores (or convenience stores) would not be able to get a liquor license. This actually may be disincentive to locate in areas that need access to local stores.

In my neighborhood and nearby District 5 -- where sponsor Alder Vidivar lives -- the following would not be able to hold a liquor license, if they didn't already exist: Trader Joes, Regent Coop, Barriques, Fresh Mart, as well as Miller's liquor, the BP station on University Ave, and the Spirit Mart at Franklin and University. All these are within 1/4 mile of either a school or a park.

We are striving to have neighborhoods where people can meet their daily needs without driving. The corner grocery, and yes, Kwik Trip, BP station, or other gas station are places people buy milk, frozen pizzas, and even fresh fruits and vegetables as well as a six pack or bottle of wine. Larger grocery stores allow people to do their shopping locally and without driving.

However, for better or worse, many of these establishments cannot survive financially without selling alcohol, even if it's just beer.

When you consider your vote, consider how many of your daily needs might not be available if new or existing stores couldn't locate close by.

Dear alders,

I hope you will refer item 83669 and allow the problematic aspects of it to be worked on further.

While I recognize the problems caused by a concentration of liquor stores in one area, the current text of this item would go much further than that, and prevent the issuance of a license in the vicinity of a hospital, a school, a library, or even a park.

This could have unintended consequences:

- Liquor stores may therefore congregate in areas without these amenities. So residents already least-served by the city will be over-served when it comes to liquor stores and the crime that problems of liquor store-dense areas.
- When residents who do live by a park, a hospital, a school, or a library do seek to buy liquor, this ordinance will put the place of retail outside of walking distance. In many cases, this will lead to people driving instead.

We should be striving to make more of Madison's neighborhoods walkable, vibrant, and self-sufficient. Each neighborhood should have access to amenities like parks, schools, libraries, healthcare, and yes, retail such as liquor stores. As currently written, this item is contrary to that goal.

I would fully support an ordinance to limit the density of liquor stores themselves on some purely geographic criteria--stores per square mile, distance between them, or travel time between them. That density of liquor stores in relation to each other is the problem that prompted this item, so let's solve that problem directly, without creating other problems.

Alternatively, let's take it one step further. Drunk driving is a persistent hazard in our community. Therefore, if there's anything we should separate liquor stores from, it's major roads.

Thank you,

Dear Alders,

In reading through the comments attached to Legistar item [83669](#) (Amending Section 38.05(9) (a) and creating 38.05(b) and (c) of the Madison General Ordinances related to Class A and Class "A" alcohol beverage licenses to impose geographic limitations on "Class A" and Class "A" license applications...), it has become apparent that concerns that myself and others have raised with our respective alders about this proposed change in policy are not being conveyed to the ALRC or the Council. So, I will attempt to share some of those concerns with you here, in the hopes that during Tuesday's Common Council meeting you will either vote down this item or send it back to the ALRC for further study and revision.

Obviously attempts to reduce the negative impacts of alcohol consumption is a worthy goal, and I have no doubt that the sponsors of this amendment have positive intentions.

Unfortunately, this particular amendment, as it is currently structured, is simply bad policy. The amendment is a drastic and permanent change to city ordinances which would have far-reaching negative impacts on planning and neighborhoods for generations into the future. Given the expansive list of landmarks and the significant geographic range mentioned in this amendment, the practical effect of the change would be to completely calcify Class A licenses in the core of Madison. While this may lead to some minor attrition in the overall density of liquor establishments over time, it will more likely serve to create havoc when current licensees attempt to improve their business, or move, or change ownership. It would also make attracting businesses (including those who serve grocery needs) to infill neighbourhoods much, much harder as they will be effectively excluded from competing with existing businesses who are grandfathered into allowances to sell alcoholic beverages. It does not take much imagination to see how there could be serious unforeseen knock-on effects and unwanted economic consequences from allowing this aggressive change in geographic limitations on "Class A" licenses. It's also easy to predict how this policy could be unfairly weaponized against existing licensee businesses when a group of neighbors has unrelated issues with a particular business or business owner in their community.

There is no need to tie the future Council and ALRC's hands with this amendment in the interest of reducing access to alcohol near certain sites. The ALRC is already enabled to fully consider all aspects of a new application for a Class A license, and the Alders on the Common Council are well within their purview to provide guidance to the ALRC to take special care in noting proximity to certain sites when considering those new licenses. We do not need to permanently amend ordinances in a manner that could drastically and negatively impact Madison's future neighborhoods, when simple guidance to the ALRC could accomplish the same goals.

Thank you for your time and consideration in this matter,

Have stakeholders from different racial/ethnic and socioeconomic groups—especially those most affected—been informed, involved and represented in the development of this proposal or plan? Who is missing and how can they be engaged?

Not from every racial/ethnic or socioeconomic group.

1. WHAT

a. What is the policy, plan or proposal being analyzed, and what does it seek to accomplish?

The ordinance seeks to geographically limit issuing Class “A” and “Class A” alcohol beverage licenses to establishments that sell alcohol that can be taken away and consumed elsewhere. The goal behind the ordinance is to reduce alcohol-related community problems that are associated with such establishments.

b. What does available data tell you about this issue? (See page 3 for guidance on data resources.)

At the time the proposed ordinance amendment was drafted in February 2024, there were 131 active Class A license holders in the City of Madison. Today, there are 134 active Class A license holders. Based upon 2023 population data for the City of Madison, that translates to 1 license for every approximately 2000 people.
The data also tells us that retail alcohol outlets can be the site of disorder, including alcohol-related disorder and crime. Increased density of retail alcohol outlets have been associated with social harms in the neighborhoods in and around the outlets: disorderly conduct, noise, litter, neighborhood disruption, nuisance, and property damage. Research has shown that limiting alcohol beverage outlet density and growth can be an effective means of reducing the harms associated with excessive alcohol consumption.

c. What data are unavailable or missing?

Data related to specific studies in specific communities related to known alcohol beverage outlets and their impacts on neighborhoods.

2. WHO

a. Who (individuals or groups) could be impacted by the issues related to this policy, plan or proposal?

Potential negative impacts: People of color and those in low income neighborhoods may potentially be faced with reduced access if walking to a store is problematic. People with mobility issues may have difficulty getting to a convenient Class A establishment. People with no form of transportation may have difficulty accessing a convenient liquor store. People who may not want to bring other business or housing to the area because of a liquor store. Affordability—less outlets could potentially result in higher prices. Potential positive impacts: limit or eliminate disorder such as littering and loitering. Less temptation for those trying to abstain and or those who should abstain due to addiction issues. More difficult for underage to purchase alcohol for unsupervised use.

b. Who would benefit?

Society as a whole—less alcohol available would mean less alcohol-related disorder and addiction. May encourage people to not drink as much because they have to put forth more effort to obtain the alcohol. Existing liquor store owners due to less competition. Those running treatment centers and those offering services for unhoused would potentially experience a reduction in issues related to alcohol. Police, fire, and hospitals due to less calls for service and complaints related to alcohol consumption.

c. Who would be burdened?

Those who have mobility problems and who do not have access to transportation. More often, lower income populations have issues and barriers related to transportation. Those seeking a class A license may not be able to afford the business at a different location. Low-income people may end having to pay more for alcohol due to reduced competition.

d. Are there potential disproportionate impacts on communities of color or low-income communities?

The ordinance does not limit the issuance of an alcohol license in specific neighborhoods or areas, it limits the issuance near sensitive locations such as buildings that provide services to unhoused individuals and buildings that provide drug and/or alcohol rehabilitation services to individuals. Those types of businesses can be located anywhere in the City, so if they are not located in low-income communities or those that have more communities of color, it is difficult to see how there would be a disproportionate impact on those groups unless those groups are also challenged with mobility and/or transportation issues and but for the sensitive sites, they would have an alcohol beverage outlet in their neighborhood.

Those who live in multi-family housing may be more inclined to use neighborhood parks and geographic limitations may make it more difficult for them to have events in parks with alcohol.

3. WHY

a. What are potential unintended consequences (social, economic, health, environmental or other)?

Increased drunk driving if people have to drive farther to obtain alcohol. Inflate the value of existing outlets because the license will potentially be more difficult to obtain. Overregulation of commerce. Preventing people from opening a business and/or pursuing a livelihood.

4. HOW: RECOMMENDATIONS SECTION

a. Describe recommended strategies to address adverse impacts, prevent negative unintended consequences and advance racial equity (program, policy, partnership and/or budget/fiscal strategies):

Education of applicants and potential applicants before they invest money in a location only to discover that they would be ineligible for a class A license due to the geographic limitations; Communication on City's website regarding geographic limitations related to sensitive sites that make it clear that the limitations are not negotiable or waivable.

Subject: Opposition to Proposed City of Madison Ordinance Related to Geographic Limitations on "Class A" and Class "A" License Applications

As members of the alcohol beverage industry, we write to reiterate our opposition to the proposed ordinance (File #83669) to impose geographic limitations on "Class A" and Class "A" license applications.

While the goal of addressing excessive alcohol use and related issues is laudable, we do not believe blanket geographic limitations on alcohol beverage retailers to be an effective strategy. As a result, we respectfully urge the Alcohol License Review Committee and Common Council to reject this proposal.

First, by exempting large, institutional and chain grocery stores from the new license restrictions, the proposed ordinance discriminates against small, independent businesses, many of which are owned by persons of color and new residents to our community and country. We are unaware of any evidence that shows alcohol related disorder and crime is tied to the location of Class A licensed establishments, or a density of these licensees. Moreover, there certainly is no evidence indicating that small, neighborhood retail outlets are more problematic for the City than large, regional grocery stores.

Another consequence of eliminating small, neighborhood retail outlets is that it would likely diminish local foot and bicycle traffic while encouraging the use of motorized vehicles to travel to larger, regional grocery stores. As noted in the recent Racial Equity and Social Justice Initiative Analysis, and public comments, this has the potential to increase drunk driving rates. Additionally,

by discouraging the development of small neighborhood retail stores, the problem of food deserts in the community is almost certain to be exacerbated.

Public support for the proposed policy also appears to be minimal. According to a University of Wisconsin Population Health Institute survey of opinions regarding alcohol use and related problems in the Greenbush-Vilas neighborhood, the majority of respondents felt that limiting alcohol outlet density would be ineffective¹. Few people surveyed thought that extending the City's Alcohol Licensing Density Ordinance would be an effective method of limiting excessive drinking.

As you know, the City has experienced a significant rise in locally owned and operated breweries, wineries and distilleries in recent years. Unfortunately, the proposed ordinance has the potential to negatively impact these small craft producers as it would result in fewer small, neighborhood retail outlets who are more likely to sell locally produced alcohol beverages than the large grocery chains which are unaffected by the license limitations.

Lastly, it is important to recognize the proposed ordinance is unnecessary as the Alcohol License Review Committee and Common Council already hold the authority to reject, revoke, or refuse to renew alcohol licenses. Limiting the number of alcohol beverage retail licenses can currently be done on a license-by-license basis as each applicant comes before the ALRC and Council.

For these reasons, we respectfully ask the ALRC and Common Council to reject the proposed geographic limitations on "Class A" and Class "A" licenses in the City of Madison.

Thank you for your consideration.

Members of the Alcohol Licensing Review Committee:

The Greater Madison Chamber of Commerce Board of Directors remains opposed to the proposed changes to Madison General Ordinances ([File #83669](#)) that would place new citywide regulations and restrictions on alcohol licensing.

We appreciate the author's communication and desire to seek input on the issue from local businesses. Ultimately, we believe this is a solution in search of a problem with potential significant consequences for small businesses and entrepreneurs.

Addressing chronic alcohol use is a worthwhile and understandable objective, but a citywide policy that does not consider unique neighborhood characteristics and needs is an ill-advised approach.

From a business perspective, there are still many unanswered questions. What does this mean for businesses looking to renovate? Will this policy serve as a disincentive to making improvements for fear of losing a license? Blanket policies treat all Class A licensed establishments the same, including new, innovative business models that serve as neighborhood gathering establishments with multiple functions, including coffee shops, arcades, bookstores and tasting rooms. Are these the type of businesses we want to reduce in Madison?

Perhaps most importantly as to why this is a solution in search of a problem is the process. The Alcohol Licensing Review Committee already has the authority to reject and renew alcohol licenses where problems occur.

Again, while we appreciate the intent and transparency, there are other ways to tackle these issues beyond a citywide blanket policy that stands to negatively impact small business.

Feel free to contact me directly if you have any questions or comments.

Thank you.

MEMORANDUM

DATE: January 15, 2025

TO: Alcohol License and Review Committee (ALRC)

FROM: Julia Olsen, Supervisor, Substance Use Prevention and Harm Reduction Unit

SUBJECT: **Geographic limitations on “Class A” and Class “A” license applications**

Public Health Madison and Dane County supports efforts to reduce youth access to alcohol and lower the burden of alcohol in Dane County.

With the introduced amendments to Section 38.05(9)(a) and creating 38.05(b) and (c) of City of Madison ordinance to limit alcohol retail outlets by geographic proximity, the City of Madison is taking a proactive stance backed by evidence-based research, to reduce the burden of alcohol.

Increased Class A off-premises alcohol outlet density is associated with increased underage drinking, increased assaults, street violence, domestic (and intimate partner) violence, motor vehicle crashes, and other forms of injury. i

According to the Wisconsin Alcohol Policy Project, multiple studies have shown that the more alcohol is available in a neighborhood, the more adolescents consume alcohol. ii A key study showed that for every 10% increase in overall alcohol outlet density there was a 17% increase in the odds that a teenager would drink alcohol the next year. iii In other words, the more alcohol outlets there are in a community, the more teens drink. One effective way to keep the number of alcohol outlets low and allow reduction by attrition is to not grant licenses for new alcohol outlets. The proposed ordinance would effectively prohibit new Class A licenses for liquor stores and gas station/convenience stores in areas within 1,320 feet of facilities that provide services for unhoused individuals, facilities that provide mental health or substance use treatment, and public parks.

Public Health believes that this extension of geographic limitations from the already established 300ft of schools, churches, hospitals, and libraries benefits Public Health and reduces the burden of alcohol in Dane County.

Dear ALRC and item sponsors,

A few things I want to highlight about this item:

1. It's not about liquor store density

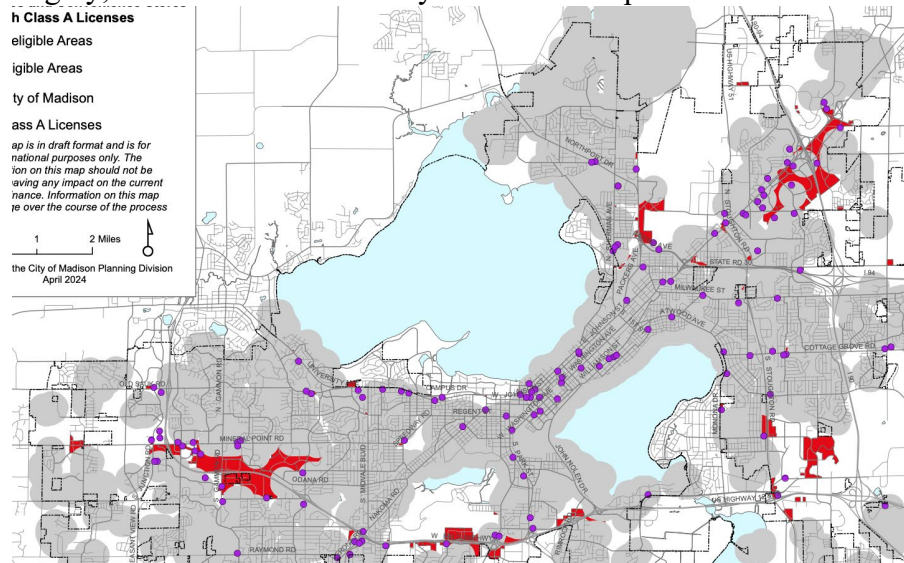

First off, the proposed ordinance doesn't directly address the density of liquor stores in relation to each other, which is a shame, because that was (allegedly) the initial impetus for it, after the city received an umpteenth application for the same short stretch of E. Wash.

2. The intent is total prohibition

At the January meeting where this was discussed, Alder Vidaver shared that the agenda here is to eliminate liquor stores (and alcohol sales more broadly) from Madison entirely, and that the criteria about proximity to parks was chosen simply because the parks network covers so much of the city.

3. This produces an inequitable area of effect.

This map (also attached in Legistar) shows the areas where liquor stores would be prohibited in gray, and the areas where they would still be permitted in red:

The areas in red coincide, to a sad/hilarious extent, with currently-underserved areas of the city, and equity priority areas. A lot of these areas are also along high speed roads, incentivizing people to drive to get their drinks.

4. The grocery loophole is non-specific

Another way to look at this item would be the effect it will more likely have: in order to get approved under this new ordinance, liquor stores will be required to include non-liquor products as their token "groceries".

If that were the framing/intent of the ordinance--to require that liquor stores provide community value and convenience for non-drinkers as well--I would be entirely in support of it. But then why include the "distance from parks" measurement at all? Why not apply that requirement city-wide?

Many liquor stores already stock things other than liquor. For example, Steve's has a lot of meat, cheese, chocolates, jams, and more, beyond the typical non-alcoholic mixers. Not fresh produce though. It's not a one-stop grocery where you can find what you need for a balanced diet.

Based on these factors, I see a couple viable paths forward for this item:

A. Carry on as is

When this gets to the full council, there may not be a majority that shares the hard-line prohibitionist agenda. But if the true goal is to performatively raise awareness of alcohol's effect on public health--more so than actually adopting an ordinance--maybe that's fine (no judgement here!).

B. Pivot to limiting the density of the licenses themselves

This might more directly address the root cause of the issue in particular locations like the E. Wash corridor. Being a more limited change, it could be easier to get buy-in.

C. Pivot to a city-wide "grocery-liquor-combo-store" ordinance

The difficulty with this approach will be figuring out to what extent the city can get away with requiring groceries in these stores. The ordinance could specify certain categories of goods, like fresh vegetables. Alternatively, class A licenses could be granted on a percent-food-percent-drink sales basis, like class B licenses already are. Or percentage of floor space perhaps. This could face push-back from retailers who really only want to stick to the business model they're used to.

I'll be interested to see how this continues to evolve, and I hope it can become something that serves Madison well.

Thank you,

Nick Davies
