Fiscal Note

This resolution formally corrects the language contained in Res-06-00784 that authorized the sale of \$3,600,000 of taxable general obligation notes on September 19, 2006. The original resolution indicated the sale was a series of 10 annual notes. In fact, the final sale structure was a single 10 year term note with annual principal payments. The related costs and annual debt service costs are identical under either structure. No fiscal impact.
