#### Body

The current contract with the City for Fire Department response as a Regional Hazardous Materials Response Team expires on June 30, 2012. The contract extension with the State of Wisconsin, Department of Military Affairs, Division of Emergency Management does include a new reporting requirement to assist the State in planning, preparing and responding to emergency Level A releases. The contract extension to the City covers July 1, 2012 through June 30, 2013.

The contract pays the City the full contract amount to train and pay personnel for Level A certification, purchase equipment, medical services and other program expenses. The City is available to respond to our assigned territory and elsewhere if need arises.

Contract language as to indemnification and insurance provisions does not comply with the City's standard policy for contracts. The language in the extension is the same as contained in the most current contract.

The budget for this contract extension is:
