**Fiscal Note**

This resolution approves the policy for the City’s collection of the Urban Forestry Special Charge. The City of Madison’s 2015 operating budget includes \$1,000,000 in net revenue to the City. All Urban Forestry Special Charge revenues will be collected in a special revenue fund. At close of 2015 an amount commensurate with \$1,000,000 in net revenues to the City will be transferred from the special revenue fund to the general fund.

The charge per residential customer will be approximately \$13.80 in 2015 (monthly charge of \$2.76 for August through December). The average residential customer will receive an annual savings of \$3.60 from the reduction in the Landfill Remediation Fee rate schedule resulting in a net increase of \$10.20.

Costs associated with modifications to the Water Utility’s billing system to accommodate the addition of an Urban Forestry Special Charge are estimated to be \$9,000. These costs will be paid by the Parks Division’s Forestry operating budget.
