Fiscal Note

The proposed resolution authorizes the acceptance of a 2021 US Department of Justice Community Oriented Policing Services (COPS) Hiring Grant to hire six new police officers in the Madison Police Department (MPD) if approved during the 2023 operating budget deliberations. The grant would pay \$750,000 toward the officers' salaries and benefits over a 36 month period and would require a 25% match of City funds. After the grant period, the full cost of the six positions would be borne by the City. The grant would require the City to fund the positions for at least one year after the end of the grant period.

Based on current salary and benefit rates, the anticipated City cost during the grant period and the first year of full City funding is:

The resolution authorizes MPD to request the additional positions and the local funding match as part of a legitimacy- and trust building initiative during the 2023 operating budget process. The positions would be included in the 2023 Police Pre-Service Academy recruit class. If the Common Council does not approve the positions and the required appropriation, the signed award agreement will be null and void.

Approving this resolution does not obligate any City funding. No appropriation is required at this time.
