### Fiscal Note

The proposed resolution authorizes a double-fill for the Police Records Manager position due to the anticipated retirement of the incumbent. The double-fill request will cover 2-3 months for the new employee to work with the incumbent and then several months while the incumbent is on the payroll using accrued leave time but not actively working on the job. The total double-fill request is for a period of up to six months and will span the end of 2021 and first couple months of 2022.

The Department has indicated that the double-fill will be funded through salary savings. First quarter projections estimate a surplus of \$300,000 for the Police Department in 2021 which is sufficient to cover the costs of the double-fill in 2021. High attrition trends are anticipated to continue into 2022 to cover the anticipated cost of this request. Savings are also expected to accrue because the new Manager will likely be hired at a rate lower than the incumbent. The cost of the double-fill will not be included in the 2022 budget and the Department will be expected to absorb the expense.

No appropriation is required.
