### Fiscal Note

This resolution authorizes the CDA to increase the loan by \$500,000, utilizing \$2,000,000 of a \$4,100,000 Fannie Mae line of credit as the financing source. The CDA currently pays a standby fee of \$2,400 per year to maintain the availability of this variable rate line of credit extension.

The CDA would provide a loan up to \$2,000,000 to the Lake Point Condominium Project at an interest rate equal to LIBOR plus 190 basis points. The loan would be fully due and payable by November 1, 2007.

The Fannie Mae line of credit is backed by a general obligation pledge of the City to the extent that the CDA acts to draw upon it. The interest rate and availability of the credit is conditioned on the City maintaining its current bond rating. If the CDA were unable to meet its payment obligations under the line of credit at any time, the City would be responsible for repayment.
