### **Fiscal Note**

The cost for the remainder of 2011 is approximately \$16,600 (or \$22,800 including benefits). Human Resources has a 4% salary savings rate for 2011. Should they fill their vacancies as planned and there is no further turnover, they will not meet their salary savings target and may need an additional appropriation at the end of the year. The projected additional annualized cost is \$27,800 (or \$39,300 including benefits). The increase related to this change will need to be accommodated in the Human Resources 2012 operating budget.
