Title

A resolution required by the Department of Workforce Development for the reauthorizing of the City of Madison's Self-Insured Worker's Compensation Program.

Body

Preamble:

The Wisconsin Worker's Compensation Act (Act) provides that municipal employers covered by the Act either insure their liability with worker's compensation insurance carriers authorized to do business in Wisconsin, or be exempted (self-insured) from insuring liabilities with a carrier and thereby assuming the responsibility for its own worker's compensation risk and payment. Historically, the City of Madison has chosen to self-insure its worker's compensation exposure. The State administrative code requires that the governing body of each municipality choosing to self-insure must adopt a resolution reauthorizing their intent to self-insure every three years.

Whereas the City of Madison is a qualified political subdivision of the State of Wisconsin; and

Whereas, political subdivisions of the State may self-insure worker's compensation without a special order from the Department of Workforce Development (Department) if they agree to report faithfully all compensible injuries and agree to comply with the Act and rules of the Department;

Now, therefore, be it resolved that the City of Madison does ordain as follows:

1. That it hereby provides for the continuation of the self-insured worker's compensation program that is currently in effect; and

2. That the City Clerk is authorized to forward certified copies of this resolution to the Worker's Compensation Division, Wisconsin Department of Workforce Development.
