File #: 39324, Version: 1

**Fiscal Note**

This is an initial resolution to issue 20-year bonds for certain major streets projects that were included in the 2015 adopted capital budget. Those projects are listed below:

|                         |              |   |
|-------------------------|--------------|---|
| East Johnson Street     |              | Street reconstruction   |
|                         | \$2,890,000  |   |
| Hoepker Road            |              | 4-lane urban boulevard with bike lanes and sidewalks                |
|                         | 1,796,000    |   |
| Milwaukee Street Bridge |              | Reconstruct Starkweather Creek Bridge and approaches                |
|                         | 1,130,000    |   |
| Reconstruction Streets  |              | Replaces various deteriorated streets                               |
|                         | 3,911,100    |   |
| Rural to Urban Streets  |              | Reconstructing streets with substandard pavements to city standards |
|                         | 2,617,000    |   |
|                         | \$12,344,100 |   |

Up to a total of \$12,650,000 in bonds will be issued for these projects, including the estimated cost of issuance.

Due to the relatively large cost impact and expected useful life of these projects, along with the anticipated overall amount of borrowing in 2015 due to major facilities construction and renovation projects, these bonds will be issued with a 20 year repayment period. Debt service on \$12.65 million is anticipated to be approximately \$900,000 annually. This compares with estimated annual debt service of \$1.4 million for 10 year promissory notes. Interest costs on 20 year bonds are estimated to total \$3.9 million, compared with \$1.6 million for 10 year notes. The debt service and interest cost estimates are based on current interest rates on AAA-rated municipal debt and the City's practice of repaying debt on a level-principal basis.

**Title**

Initial Resolution Authorizing Not to Exceed \$12,650,000 Bonds of the City of Madison for various street and sidewalk projects.

**Body**

BE IT RESOLVED by the Common Council of the City of Madison, Wisconsin, that there shall be issued the general obligation bonds of the City in a principal amount not to exceed \$12,650,000 for the following purposes: (i) street reconstruction, (ii) four-lane urban boulevard with bike lanes and sidewalks, (iii) replacing various deteriorated streets, and (iv) reconstructing streets with substandard pavements to City standards. For the purpose of paying principal of and interest on the bonds, there is hereby levied on all the taxable property in the City a direct annual irrevocable tax sufficient for that purpose.

BE IT FURTHER RESOLVED, that the City Clerk is authorized to publish a Notice to Electors pursuant to Section 67.05(7)(b), Wisconsin Statutes.
