Fiscal Note

The proposed resolution would eliminate the City’s bicycle registration system. Revenues from bicycle registrations averaged \$21,000 per year across 2018 and 2019. Bicycle registration revenues are a General Fund revenue source and the loss of this revenue may require expenditure reductions or increases in other revenue sources. The elimination of fines associated with violating bicycle registration requirements is not expected to have a fiscal impact.

Title

Repealing Sections 12.78, 12.781(3), (4) & (5), amending Sections 12.79 and Sec. 1.08(3)(a) of the Madison General Ordinances to eliminate the City bicycle registration system.

Body

DRAFTER'S ANALYSIS: Wis. Stat. § 349.18(2) authorizes municipalities to choose whether to have an ordinance requiring local bicycle registration. Sec. 12.78 set up a City bicycle registration system that required owners and operators to register their bicycles with the City and required bicycle dealers to register bicycles purchased from their dealership. The repeal of this ordinance eliminates mandatory City bicycle registration. Instead of requiring registration with the City, the City will encourage bicycle owners to voluntarily register their bicycles through free national bicycle registrations services.

2. Subsections (3), (4), and (5) of Section 12.781 entitled “Licensing of Bicycle Dealers” of the Madison General Ordinances are hereby repealed.
