Fiscal Note

It is estimated that this reclassification will result in a budgetary savings for the Senior Center in 2009. This savings is based upon the assumption that an entry level position in the new classification (18-04) will have a lower short-term cost than the longer-term employee currently occupying the position with the current classification (20-12). The anticipated savings from this action will be applied towards achieving the Senior Center's budgeted salary savings of \$5,224.

The estimated future annualized impact is an increase of \$6,727 (or, \$9,303 with benefits).
