On February 3, 2004, the Common Council adopted Resolution ID # 61179, approving the Façade Improvement Grant Program to support and encourage small local businesses to reinvest in the downtown and smaller, neighborhood shopping and business areas and designating the Community Development Authority as the agent of the City for the operation and administration of the Program. The objective of the Program is to restore, or substantially beautify, or enhance the entire façade or elevation of a commercial building. The Façade Improvement Grant Program Staff Team has reviewed the following Façade Improvement proposal and has determined that it meet the requirements of the Program.
