Fiscal Note

In the adopted 2016 capital budget the sewer utility has budgeted \$1.25 million for the rehabilitation of a major sewer interceptor located within East Washington Ave. This project for the East Washington Sewer Rehabilitation (MUNIS 10290) is established with sufficient budget authority for the estimated cost of the project. The funding for the work is a reauthorization of Sewer Utility reserves from 2015 appropriations.

The proposed resolution approves the plan documents at an estimated cost of \$1,250,000.
