Fiscal Note

This modification to the labor agreement is being proposed in order to reduce costs in accordance with the funding provided in the 2014 Police Department operating budget. Other labor units have agreed to a reduction of 0.9% (from 3% to 2.1%) in the negotiated wage increase for 2014. The Police Department 2014 adopted budget includes funding for a 2.1% raise, or about \$348,000 less than is necessary for a 3% increase. In lieu of reducing the wage increase from 3% to 2.1%, this modification eliminates the City's Post Employment Health Plan (PEHP) contribution in both 2014 and 2015, which is budgeted in fringe benefits. These funds may need to be transferred from fringe benefits to salaries as part of the year-end appropriation resolution.

Although the City will provide no PEHP contributions for two years, the base amount of the contribution will continue to increase by the percentage of the wage increase each year. Beginning in 2016, the contribution amount will be increased by an additional \$10 per employee per pay period, which will provide sufficient funds to recover the loss of contributions in 2014 and 2015 over about a six-year period.
