Fiscal Note

For the average residential customer of the Sewer Utility, the rate increase is projected at approximately 6.6%, which would result in an annual increase in charges of about \$23.71.

Average residential customers of the Stormwater Utility can anticipate a rate increase of about 9.7%, or \$11.64 more annually.

Average residential customers of Landfill can anticipate a rate decrease of about 28.6%, or \$2.40 less annually.

Overall, the average residential customer's annual bill is projected to increase about 6.7% or \$32.95.

Revenues and expenses consistent with these charges have been built into the 2021 Operating Budgets of the Sewer Utility and the Stormwater Utility, although some levy-neutral budget adjustments will need to be made (detailed out in the attached pdf). No additional appropriation is required.
