WHEREAS, Facilities Management budget includes \$750,000 for Sustainability Improvements; and,

WHEREAS, our building automation system protocol is standardized on Honeywell; and

WHEREAS, our building automation systems are networked together and maintained at a central location; and

WHEREAS Controlworks, the contractor, has performed similar services in the past and it would be economical on the basis of time and money to retain the same firm; and

WHEREAS using another product line other than Honeywell or another vendor other than Controlworks could create inefficiencies in our maintenance processes or higher utility bills; and,

WHEREAS, under MGO 4.26(4)(b), if a service contract exceeds \$25,000 and the contract was not subject to a competitive selection process, the contract shall meet one of the requirements of sec. 4.26(4)(a) and be approved by the Common Council, and signed by the Mayor and Clerk; and

WHEREAS, this contract meets section 4.26(4)(a)7 which provides that a contract may be approved without a competitive selection process if the contractor has performed similar services in the past and it would be economical on the basis of time and money to retain the same firm.
