Title

3937 Regent Street
BLDNRC-2017-13691

Daniel Wanke from Capital Builders is appealing MGO 29.19, which adopts SPS 322.01(1). This section applies to all one and two family dwellings covered by this code that use any amount of non-renewable energy for heat generation. Wanke would like a variance to install a gas fireplace in a three-seasons porch.

Alder District 5
