Fiscal Note

The effect on General Fund revenues is unknown. The Ordinance raises the late fees for a number of alcohol-related licenses which are issued by the Clerk's Office. The Clerk's Office does not collect data that are specific to late fees, so the effect on General Fund revenues derived from the change in late fees is unknown. In addition, the increase in late fees may impact compliance, so there may be some expectation that the number of late registrants will decrease, thus reducing the incidence and amounts of late fee collections.

Title
