Fiscal Note

In the adopted 2016 capital budget, Engineering Major Streets has budgeted \$300,000 for the Neighborhood Traffic Management project (MUNIS 10546) to retrofit existing streets with structural elements such as speed humps, traffic tables, and traffic circles for reducing the speed of traffic. Funding for this project is from GO borrowing.

The proposed resolution approves plan documents for the 2016 traffic calming and pedestrian improvements. There is sufficient budget authority available for the estimated cost of the project at \$220,000.

MUNIS:

Acct. No. 11126-402-200 - \$220,000

Title

Approving plans and specifications and authorizing the Board of Public Works to advertise and receive bids for Local Road Traffic Calming & Arterial Pedestrian Enhancements - 2016. (City-Wide)

Body

PREAMBLE

This project consists of installation of various traffic calming and pedestrian enhancements citywide. Each specific location undergoes evaluation and separate approval processes. Upon approval, this public works contract provides means to construct the approved devices.

BE IT HEREBY RESOLVED:

1. That the plans and specifications for Local Road Traffic Calming & Arterial Pedestrian Enhancements-2016, be and are hereby approved.
2. That the Board of Public Works be and is hereby authorized to advertise and receive bids for the required public works contract.
3. That the Mayor and City Clerk are hereby authorized to accept dedication of lands and/or easements from the Developer/Owner for public improvements located outside of the existing public fee title or easement rights-of-ways.
