### **Title**

Approving temporary construction work with associated noise impacts between the hours of 7:00 PM and 7:00 AM on State Street. (4th AD)

### **Body**

#### PREAMBLE

The reconstruction of State Street and adjacent streets is divided in to several phases. The 2008 phase of construction on State Street includes work in the 500 and 600 blocks (State Street from Lake Street to Gilman Street). This work is planned for 2008 and is scheduled to be complete early November 2008. The work of this project cannot be built between the hours of 7:00 AM and 7:00 PM because:

1. Sawcutting of concrete pavements after the pouring of the pavement must be done about 12 hours after the installation. The concrete must be hard enough to hold the machinery. The sawcutting must be done soon enough so that the sawcutting occurs before the pavement cracks.
2. Certain construction activities require several hours to complete and cannot be completed without impeding access to adjacent buildings during the work.

The proposed activities beyond the hours of 7:00 AM to 7:00 PM are as follows:

1. The Sawing of Concrete Pavement. The timing of this activity is dependent on the rate at which the concrete cures. Sawing will be allowed at any time however the contractor shall avoid the hours of 10:00 PM to 6:00 AM when possible.
2. General Construction Activities between the hours of 6:00 AM and 7:00 AM. This extends the work day from 6:00 AM to 7:00 PM. The intent is to provide the contractor with the ability to perform utility lateral construction and pour concrete adjacent to entrances during closed business hours, reducing the inconvenience to the businesses and the general public. This provision will apply to utilities doing coordinated work during the project construction.

Construction activities generally exceed the noise limits imposed by the Madison General Ordinances and temporary construction activity between the hours of 7:00 AM to 7:00 PM is allowed to exceed the noise limits imposed by the Madison General Ordinances. Madison General Ordinance section 24.08(3) provides the Common Council the ability to allow construction activities, with associated noise impacts, outside of the hours of 7:00 AM to 7:00 PM. with the passage of a resolution.

NOW THEREFORE BE IT RESOLVED, that construction work, with associated noise impacts, between the hours of 7:00 PM and 7:00 AM on State Street are hereby approved in accordance with section 24.08(3) of the Madison General Ordinances, and

BE IT FURTHER RESOLVED, that the construction activities outside of the hours of 7:00 AM to 7:00 PM are limited to those activities identified in this resolution and are limited to the hours specified, and

BE IT FURTHER RESOLVED, that the approval of that construction work, as provided in this resolution shall expire on November 30, 2009.
