Body

The 2019 Adopted Capital Budget authorizes the Community Development Division to contribute up to \$2 million toward the construction of a resident-inspired community facility serving the Bridge Lake Point Waunona Way Neighborhoods. These funds include up to \$1.4 million from the City's Community Development Block Grant program and up to \$600,000 of applied General Fund reserves derived from the City's share of the cash balance in TID 27 upon its closure in 2018. The goal of the project is to establish a centrally located facility providing space to better accommodate public gatherings and broader programming and other activities that meet the needs of neighborhood residents. Progress will be measured by greater capacity for uses desired by neighborhood residents and a corresponding increase in the facility's rate of use.

The Community Development Division used a Request for Qualifications (RFQ) process to solicit a partner in this endeavor to perform the functions of planning, designing and constructing the new facility and becoming its future Owner and Operator.
