### Fiscal Note

On March 23, 2020, the Mayor issued an Emergency Proclamation based on the increasing transmission of the COVID-19 virus within the City of Madison. To help mitigate the financial impacts of this emergency on the businesses and residents of Madison, the proposed resolution allows the Community Development Authority to waive late lease payment fees effective 4/1/2020 until 60 days after the emergency ends. Late fee revenue losses are estimated be \$2,575 per month, in comparison to regular late fee collection. The estimate is based on residential tenants, it does not include assumptions for commercial leases.

A budget amendment is not proposed at this time. The Finance Department is closely monitoring the 2020 budget and subsequent budget amendment resolutions to fully fund the response efforts are anticipated in the future.
