Body

PREAMBLE

The University of Wisconsin - Madison Transportation Services is undertaking a project to purchase and install sixty-three (63) new, uniquely designed bus shelters to lend a campus-like character to the area within campus boundaries and to enhance the overall experience of Metro Transit riders. Presently, the campus has a mix of bus shelters, some purchased and installed by Metro Transit, others of different designs purchased and installed by the University. After purchasing and installing the shelters, the University will donate them to the

City of Madison. Metro Transit will assume ownership and perform all maintenance, repairs and replacement of the shelters. Any existing Metro Transit shelters that are removed through this upgrade will be returned to Metro, for use at other locations.

WHEREAS the University of Wisconsin - Madison (UW) Transportation Services agrees to purchase and install sixty-three (63) uniquely designed bus shelters; and

WHEREAS as UW Transportation Services agrees to provide replacement panels, other parts, and replacement shelters as needed for future maintenance and repair of the UW-style shelters; and

WHEREAS the City of Madison agrees to assume ownership of the installed shelters, and perform all maintenance and repair of these shelters; and

WHEREAS the City of Madison agrees to allow UW to install shelters on City of Madison property as specified and agrees to add all donated UW-style shelters to its Property in the Open coverage under its property policy with the Local Government property Insurance Fund;

NOW THEREFORE BE IT RESOLVED that the Mayor and City Clerk are authorized to enter into an agreement with the University of Wisconsin - Madison for the University to purchase and install sixty-three (63) Bus Shelters within the University of Wisconsin - Madison boundaries as well as to provide parts and/or reimburse the City of Madison for parts into perpetuity for the maintenance, repair, and replacement of the shelters, to be done by Metro Transit.
