Fiscal Note

Since virtually all of the City's purchasing is currently from companies owned and domiciled in the United States, this policy resolution is likely to have no significant impact on City purchasing practices. There is, however, no local system currently in place to evaluate adherence to this policy and no resources have been provided to create such a system.

Title
SUBSTITUTE - 2009 Resolution on the Spending of Federal Economic Renewal grants to the City of Madison.

Body
WHEREAS, the economic downtown is having a critical impact on everyday Americans who are struggling to maintain or find jobs in an increasingly difficult environment; and

WHEREAS, those same Americans are the taxpayers that provide the revenue needed to operate essential government services; and

WHEREAS, Congress approved and President Obama signed into law a taxpayer-sponsored economic recovery package that will provide billions of dollars to help economically devastated cities and states immediately provide jobs to millions of out-of-work Americans through considerable infrastructure rebuilding, green energy projects and other projects that will require manufactured components; and

WHEREAS, our taxpayer dollars should be spent to maximize the creation of American jobs and restoring the economic vitality of our communities; and

WHEREAS, any domestically produced products that are purchased with economic recovery plan monies will immediately help struggling American families and will help stabilize our greater economy; and

WHEREAS, any economic recovery plan spending should - to every extent possible - include a commitment from the City of Madison to buy materials, goods and services for projects from companies that are produced within the United States, thus employing the very workers that pay the taxes for the economic recovery plan spending in the first place.

NOW, THEREFORE, BE IT RESOLVED, that ~~we the undersigned~~ **the City of Madison** will work to maximize the creation of American jobs and restoring economic growth and opportunity by spending economic recovery plan funds on products and services that both create jobs and help keep Americans employed.

BE IT FURTHER RESOLVED, that we commit to purchasing only products and services that are made or performed in the United States of America whenever and wherever possible with any economic recovery monies provided to the City of Madison by the American taxpayers; and

BE IT FINALLY RESOLVED, that as legislators of the City of Madison, we commit to ~~publish any requests to waive these procurement priorities~~ **make available, via our established public notice process, the contracts that spend these monies**, so as to give American workers and producers the opportunity to identify and provide the American products and services that will maximize the success of our nation's economic recovery program.
