Fiscal Note

The Adopted 2010 Capital Budget includes authorization for a New Central Library (Project No. 2) at a total current year cost of \$23,000,000, funded with \$13,000,000 of general obligation debt and \$10,000,000 of New Markets Tax Credits and private contributions. Additional future year project costs totaling \$14,000,000 are identified in the adopted Capital Improvement Program for 2011 and 2012. This resolution would increase the current year appropriation funded with general obligation debt by \$4,000,000 to \$17,000,000, with an offsetting reduction of \$4,000,000 from other financing sources.
