### Body

#### Background:

The CDBG Committee has traditionally identified certain projects for Council approval to “carry-over” their funds approved in previous years. Typically, the Committee has recommended carry-over of selected capital projects that have encountered some difficulty beyond their control or which face unusual circumstances. The CDBG Office normally continues those projects that have been approved by the Council since April, or capital projects that have entered into subcontracts for implementation by December 15 of each year.

#### Action:

WHEREAS, the Community Development Block Grant Program, as amended, and its implementing regulations located at 24 CFR 570.200 ff., permit the City of Madison to help community agencies which benefit low and moderate income persons; and,

WHEREAS, the CDBG Committee and CDBG staff have reviewed these recommendations, find that they further the goals of the CDBG program expressed in the Five-Year Community and Neighborhood Development Plan, and recommend Council adoption,
