Fiscal Note

The labor agreement with police personnel establishes wages and benefits for 2012 through 2015. In 2012, the agreement provides for an employee contribution of 3% of wages toward Wisconsin Retirement System benefits. The savings from this contribution is estimated to be \$861,400 in 2012 compared with current employer contribution levels. In 2013, the employee contribution increases to 5% of wages. This is estimated to save an additional \$574,300 in 2013 compared to 2012. In 2014, employees will contribute the entire employee share (currently 5.9% of wages). The savings in 2014 compared to 2013 is estimated to be \$258,400. For 2012 through 2016, the increased employee contributions total approximately \$7.3 million compared with current fringe benefit costs.

The agreement also increases wages by 2% in December 2012 (2013 budget), 3% in December 2013 (2014 budget), 3% in December 2014 (2015 budget) and 3% in December 2015 (2016 budget). These proposed increases are expected to cost approximately \$12 million over that period of time compared to current wage and benefit levels.

Other fiscal changes in the agreement include a one-time 50% reduction to the clothing allowance in 2012. This is expected to save \$111,000 compared to current funding levels. A one-time holiday on the City's contribution toward post-employment health insurance will also occur in 2012. This change is expected to save approximately \$324,000 compared with current funding levels.

Overall, the net effect of the agreement in 2012 is a savings of \$1,296,400 compared with current funding levels.

Title
