### Fiscal Note

This resolution would authorize a \$1,372,000 loan to GI Clinic, LLC ("Developer") for the redevelopment of the southeast corner of the former Erdman property located at the southwest corner of University Avenue and Whitney Way. The redevelopment consists of an approximately 60,000 SF medical and commercial office building being leased by the University of Wisconsin Hospital and Clinic Authority for a Digestive Health Clinic and 265 parking stalls ("Project"). This loan would be repaid through incremental taxes generated by the Project and represents approximately 29% of the present value of all incremental taxes anticipated from the Project throughout the 27-year life of TID #41, created on September 6, 2011. The TIF Loan is contingent upon evidence of TID base value certification being provided by the Wisconsin Department of Revenue, anticipated in the first quarter of 2012.

Funds to capitalize this loan are included in the 2012 Executive Capital Budget of the Planning, Community and Economic Development Division, Project No. 13, "TID 41 - University/Whitney," Account No. 824101, which authorizes a total of \$3.4 million in financial assistance for development projects in the TID. Funding will be general obligation debt proceeds, with the debt service to be supported by TID incremental revenues. While it is anticipated that the incremental taxes generated by the Project will be sufficient to repay the loan within approximately 5 years, the Developer is required to guarantee a minimum payment if sufficient future tax increment is not available.

The Developer is also obligated to return an equity participation payment equal to either six percent (6%) of the gross selling price of the Property, including improvements thereon, on the day of sale or seven percent (7%) of the assessed valuation of the Property, including improvements thereon on September 6, 2038 whichever occurs first, in an amount not to exceed \$1,372,000.

The increment guarantee and equity participation payment are secured by a subordinated mortgage on the property. The TIF Loan also requires that Developer be prohibited from selling or transferring the Property prior to repayment of the TIF Loan. If Developer sells or transfers the Property to the University of Wisconsin Hospital and Clinic Authority or other tax-exempt entity, Buyer shall pay an annual payment in lieu of taxes (PILOT) in the amount of the property tax paid as of the date of sale, frozen, through 2038.

**Title**

Authorizing the Mayor and City Clerk to execute a development agreement to fund a \$1,372,000 Tax Incremental Finance Loan to GI Clinic, LLC to assist in the development of the University Crossing commercial redevelopment project located on the southwest corner of the intersection of University Avenue and the Whitney Way in the proposed TID #41 (University-Whitney).

**Body**

WHEREAS the City of Madison has on September 6, 2011 by adoption on of RES-11-00752 File ID Number 23263, created the boundary and Project Plan for Tax Incremental District (TID) #41; and

WHEREAS the intent and purpose of the Project Plan, among other things, is to eliminate blighting conditions and attract and retain business and employment in the former Erdman property located southwest corner of the intersection of University Avenue and Whitney way; and

WHEREAS, GI Clinic, LLC ("Developer") has proposed to construct no less than 60,000 square feet of medical clinic and not less than 265 parking stalls, leased by the UW Hospital and Clinic Authority for a Digestive Health Clinic at an estimated development cost of approximately \$21,862,000 ("Project") on property generally located at the southwest corner of the intersection of the University Avenue and Whitney Way ("Property"); and

WHEREAS, the Project would generate additional tax increment that would pay for additional public works and improvements to the University Avenue - Whitney Way area, would retain 35 existing jobs and create 127 new jobs in said area and stimulate additional new employment, these outcomes being consistent with said intent and purposes of the Project Plan and City of Madison TIF Policy; and

WHEREAS, in conformance to City of Madison TIF Policy, the \$1,372,000 gap is attributable to demolition and infrastructure costs, including construction of new streets and sanitary sewer; and

WHEREAS, City staff has conducted an analysis (See Attached Report) of the Project and has determined the gap to be \$1,372,000 and that, but for TIF assistance, the Project could not occur; and

WHEREAS, \$1,372,000 of said TIF assistance represents approximately 29% of the present value of the estimated tax incremental revenues generated by the Project and is consistent with TIF Policy that no more than 50% be made available to a project; and

WHEREAS, the TIF Loan becomes a grant when tax increment received from the Project and/or Developer out-of-pocket payments are sufficient to repay the TIF Loan; and

WHEREAS, in addition to any other powers conferred by law, the City may exercise any power necessary and convenient to carry out the purpose of the TIF law, including the power to cause project plans to be prepared, to approve such plans, and to implement the provisions that effectuate the purpose of such plans; and

WHEREAS, funding of the loan proceeds to this project is anticipated in 2012 and thereby would require authorization in the City of Madison 2012 Capital Budget; and

NOW, THEREFORE, BE IT RESOLVED that the City hereby finds and determines that the Project is consistent with the public purposes, plans and objectives set forth in the TID #41 Project Plan and that the City's loan to Developer demonstrates the potential to eliminate blighting conditions and attract and retain businesses and employment in the University Avenue - Whitney Way area and finance additional public works and improvements that would stimulate planned commercial redevelopment in TID #41, thereby making more

likely an accomplishment of the public purpose objectives set forth in the Project Plan and its amendment, the TIF Law and City TIF Policy.

BE IT FURTHER RESOLVED that funding is subject to the following conditions:

1. The Project. Borrower agrees to develop:

TIF assistance shall be provided in the form of a zero interest (0%) loan at closing from the City to Borrower, in the amount of One Million Three Hundred and Seventy Two Thousand Dollars (\$1,372,000) ("TIF Loan") to partially finance Borrower's development of the Project. Said TIF Loan becomes a grant when tax increment recovered from the Project and/or cash payments by Borrower are sufficient to repay the TIF Loan and the City's associated borrowing costs.

("Equity Participation").
9. Sale to Tax Exempt Entity - PILOT Payment. Borrower shall be prohibited from selling or transferring the Property prior to the Borrower's repayment of the TIF Loan. through 2038. The City of Madison shall share said PILOT in proportion with the overlying taxing jurisdictions. Buyer shall execute a PILOT Agreement and a mortgage in favor of the City in the amount of the PILOT payments ("Buyer's Mortgage") at the time of Buyer's acquisition of the Property. The Buyer's Mortgage and PILOT Agreement shall be released and terminated by the City upon the receipt by the City of the required PILOT payments.
