### Title

SUBSTITUTE Amending Sections 9.13(6)(n), 9.13(6)(l)1.a., and 9.13(6)(l)6.a. and b. of the Madison General Ordinances to revise the Late Night Vending Areas and require site assignment based on seniority.

### Body

DRAFTER'S ANALYSIS: This ordinance revises the Late Night Vending areas and site assignment process. Under current ordinance, there are four areas: Library Mall, Broom Street, 100 & 300 W. Johnson Street and 300-400 N. Frances St. The new ordinance would eliminate the Library Mall and Johnson Street areas and create these areas: Zone A, Zone B, Zone C, L3 and L4. Frances Street is reduced to the 300 block only and renamed Zone A. 400 W. Gilman is being added as Zone B. The Broom Street area would remain the same, but is renamed Zone C. Zones A, B and C will be restricted to a maximum number of vendors at any one time and only vendors who have been assigned to that zone. The L3 area is the 500 block of N. Frances (Concrete Park) and consists of 3 assigned food cart sites. The L4 area is on the sidewalk at University and Lake and consists of one assigned site for a small push cart.

Under the current ordinance, a licensed Late Night Vendor can vend on a first-come, first served basis in the Broom Street and Johnson Street areas. Under this amendment, first-come, first served is being eliminated and all Late Night Vendors will require a zone or site assignment. Vendors will be assigned on an annual basis to a zone or site, based on seniority determined by the year the vendor first purchased a Late Night Vending License, minus any demerit points for citations or health code violations.

This ordinance also changes the closing time for late night vending from 6:00 a.m. to 4:00 a.m. in all areas.

The new areas and site assignment process would take effect upon adoption of this ordinance. Late Night Vending licenses and new zone/site assignments under this ordinance would run from April 15-April 14.

4. Application, Site Assignment. Vendors holding a basic street vendor license may apply for a Late Night Vending License at the Office of Business Resources, using an application form created by the Vending Coordinator, as follows:
- a. ~~Unassigned Late Night Vending Areas: If not applying for an assigned site, applications may be filed at any time. Approval and issuance of the license shall follow the general procedure in Sec. 9.13(3).~~
- ba. Assigned Late Night Sites: Applications for an LNV zone an assigned site (Library Mall or Frances Street only) must be filed no later than April 1 to be eligible for zone or site assignment for the upcoming vending season (April 15-April 14). The vendor must accept the zone or site in writing and purchase a Late Night Vending License within ten (10) calendar days of receiving notification of the site assignment, or will forfeit the site assignment. Failure to use an assigned vending LNv zone or site by June 1st will result in forfeiture of the site assignment. Only one (1) Late Night zone or site will be assigned per vendor, per season, and site such assignments are not transferrable.
- b. Late Night Site Assignment Procedure. ~~The Vending Coordinator shall establish vending sites in the Library Mall and Frances Street areas consistent with Secs. 9.13(6)(n)3.a. and b., on an official map available at the Office of Business Resources,~~

All other applicants shall be ranked according to a seniority system. Seniority shall be calculated by counting the number of vending seasons that the vendor has purchased an Basic Street Vendor LNv license (of any duration) issued under Secs. 9.13(3)(a) 1. or 2., counting backwards from the present, and subtracting any demerit points (see Sec. 9.13(6)(n)5.). However, a vendor may take one (1) vending season as a sabbatical (not purchase a license that season) without losing seniority, but that year will not be counted toward the vendor's total number of years of seniority. If a vendor takes goes two (2) sabbaticals in a three (3) year period consecutive vending seasons without purchasing a LNv license, the vendor will lose all years of seniority and be placed at the bottom of the seniority list upon their next application for a site. For individual applicants, the name on the late night current LNv application and the basic street vendor LNv license used for seniority must be the same. If the late night license applicant is a business organization, the basic street vendor license used for seniority must be in the name of an officer, member, partner, or the sole proprietor of the business. If more than one applicant was issued an basic LNv license on the same date, the time of day that the license is created will determine seniority. If the time is not

available, seniority will be determined by a coin toss conducted by the Vending Coordinator or designee.

Applicants shall list three (3) zone and/or site preferences on the application. The vendor with the most seniority (minus any demerit points) will be assigned his/her first preferred zone or site, the next vendor assigned to his/her first available preferred zone or site, and so on; until all applicants have been assigned a late night zone or site or until the sites all are full. If applicants remain after all sites LNv areas are filled, a waiting list will be created, using the same seniority system. Late applicants and vendors who forfeit their Late Night assignment will be placed at the bottom of the waiting list. Any zone or site that becomes available during the vending season after initial site assignments have been made shall be offered to the highest-ranking vendor on the waiting list.

5. Demerit Points for Late Night License Applications. One (1) year of seniority will be subtracted for each demerit point described below:
  - a. One (1) demerit point will be assessed for any violation of Sec. 9.13, the Regulations adopted thereto, or any other violation listed in Sec. 9.13(8)(a) (except for serious health code violations described below). A violation counts as a demerit point if charged in a citation or civil or criminal complaint with a date of violation in the previous vending season.
  - b. Serious Health Code Violations: Five (5) demerit points will be assessed if the applicant's food and drink permit has been suspended or revoked for seven (7) or more consecutive days during the previous vending season, or if the applicant's vending cart or mobile base kitchen has been ordered by the public health department to suspend or cease all operations for seven (7) or more consecutive days during the previous vending season.
