Fiscal Note

It is anticipated that the new contract will result in lowered processing fees for recyclable materials. Projected savings will be included in the 2015 and subsequent year Streets Division Operating Budgets as appropriate. Actual savings will depend upon the provisions negotiated in the final version of the contract extension. No appropriation is required.

Authorizing the Streets Division to extend the contract for recycling processing with Pellitteri Waste Systems until December 31, 2021 as allowed under the current contract.

Body

WHEREAS, Pellitteri Waste Systems has provided recycling processing services for the City of Madison since 2012 under a five-year contract which contained the options for two, two-year extensions, and;

WHEREAS, Pellitteri Waste Systems has done an outstanding job of processing the recyclables from the City of Madison meeting all terms and conditions of the contract, and;
