Title
Accepting the proposed design concept for the final design and construction of Unit Well 31 (4901 Tradewinds Pkwy).

Body
Presentation and public hearing before the Water Utility Board regarding the proposed design concept for final design and construction of the new Unit Well 31 facility located at 4901 Tradewinds Pkwy. The proposed design concept was developed by Short Elliot Hendrickson, Inc (SEH) working closely with Madison Water Utility staff, design subconsultants and public input including feedback from two public information meetings. See attached.
