Title

Amending the City's 2014 Adopted Operating Budget to re-appropriate \$25,000 from Various Appropriations to the Community Development Division for the United Way HIRE Initiative.

Body

BACKGROUND

The 2014 adopted operating budget includes \$25,000 under Miscellaneous Appropriations for Improvement Initiatives. Based on anticipated expenditures for 2014, \$9,000 of this amount remains available in 2014. The Human Resources budget includes \$8,000 for city-wide travel and training which remains available. The Mayor's Office budget is expected to have \$8,000 available in purchased services.

Over the next three years, the United Way HIRE Initiative is an effort to reduce poverty through the following strategies:

1. Create a coalition of employers committed to hiring 240 people with varying skills and experience, with focused outreach to engage men and women of color. Ideally, these jobs will have paid on-the-job training.
2. Expand openings in employment partner agencies' job training programs for industries with current job growth, notably construction, commercial driving, food service and customer service.
3. Add employment coaches to connect and support employers and low-income adults in employment, early childhood and housing initiatives who are unemployed or underemployed.
4. Increase housing stability through Housing First which provides rent subsidies for families at risk of homelessness so that they can retain employment.

The HIRE Initiative is securing private support toward this effort. The City would provide a lead grant of \$25,000 to assist with this effort.
