Madison General Ordinance section 24.08(3) provides the Common Council the ability to allow construction activities outside of the hours of 7:00 AM to 7:00 PM. with the passage of a resolution and a hearing before the Board of Public Works.

The streets listed above are scheduled for resurfacing in 2015. The first phase includes replacing deteriorated sections of curb and gutter. The second phase includes pulverizing or milling the pavement. The third phase includes placing the asphalt pavement. Phases one and two will be completed between the hours of 7:00 AM and 7:00 PM. Phase three will be completed between the hours of 7:00 PM and 7:00 AM for the following reasons:

1. Phases one and two can be performed around normal traffic volumes without adversely affecting the quality of the construction and without a major impact on traffic.
2. Traffic turning in and out of the businesses could adversely affect the newly placed asphalt pavement in Phase three. Performing this work during reduced traffic volumes will produce a better product and provide the least interruption to the businesses. This work will take place on one or two consecutive nights at each location.

Construction activities generally exceed the noise limits imposed by the Madison General Ordinances and temporary construction activity between the hours of 7:00 AM to 7:00 PM is allowed to exceed the noise limits imposed by the Madison General Ordinances. Madison General Ordinance section 24.08(3) provides the Common Council the ability to allow construction activities, with associated noise impacts, outside of the hours of 7:00 AM to 7:00 PM. with the passage of a resolution.

NOW THEREFORE BE IT RESOLVED, that construction work, with associated noise impacts, between the hours of 7:00 PM and 7:00 AM on E.
