In the adopted 2016 capital budget, major capital project for the Capitol Square Pavement Replacement (MUNIS 10903) has \$2.262 million authorized to reconstruct the concrete pavement on the Capitol Square. The total project budget is split amongst Engineering Major Streets, Sewer Utility, and Stormwater Utility. Funding is predominately funded by GO borrowing reimbursable by TID 45 and TID 32. Additionally, the Water Utility will be responsible for \$485,650 which they have budgeted in the Water Mains Replace and Rehab Improvements project (MUNIS 10432) for their portion of work in the proposed resolution contract.

The proposed resolution will authorize the improvements to the specified portions of Mifflin St., N. Carroll St., and N. Pinckney St. Assessment District with an estimated cost of \$2,298,590. That cost will be assigned between agencies as follows:

Engineering Major Streets - \$1,602,960
