Title

Authorizing a Memorandum of Understanding (MOU) with Unity Point Health - Meriter and the City of Madison for the Madison Fire Department (MFD) to provide Paramedic Case Management services and amending the 2016 Madison Fire Department Budget.

Body

PREAMBLE

The Madison Fire Department has developed a Mobile Integrated Health Team in 2015 as part of the EMS Division within the fire department. This team works to address at risk populations and high service utilizers of

emergency medical services. Through a subaward agreement in 2015 with the University of Wisconsin Board Regents, the Madison Fire Department has trained a limited number of department members on transitional coaching methods. The goal of these coaching techniques is to work with members of our community on various options for addressing their medical needs that do not require emergency transport or emergency treatment through an emergency department admission.

The MOU requires the Madison Fire Department to provide 20 hours weekly of Paramedic Case Management for approximately 10 clients that will be jointly identified by Meriter and the Madison Fire Department. The Madison Fire Department will provide follow-up with the identified clients and work with the client to connect them to existing community resources.

WHEREAS, the Madison Fire Department has trained Mobile Integrated Health Paramedics; and,

WHEREAS, Unity Point Health - Meriter wishes to have the Madison Fire Department provide Paramedic Case Management for mutually agreed upon Madison residents; and,

WHEREAS, Unity Point Health - Meriter has proposed a MOU from Feb 1, 2016 - December 31, 2016 that may be extended or renewed for successive one year periods upon written agreement of the parties; and,

WHEREAS, Unity Point Health - Meriter has agreed to pay \$50,000 for this service,

NOW, THEREFORE, BE IT RESOLVED that the Mayor and City Clerk are authorized to sign a Memorandum of Understanding with Unity Point Health - Meriter for the purposes detailed in this resolution and the Fire Department's budget is amended to reflect the receipt of \$50,000 and the related expenses.
