Fiscal Note

The proposed resolution amends the Parks Division 2016 Adopted Capital Budget to increase budget authority for the Olbrich Botanical Complex project (no. 19, Munis no. 17168) by \$500,000 in 2016.

The 2016 Adopted CIP includes \$5,000,000 in budget authority for this project in both 2017 and 2018, for a total \$10,000,000 over the CIP. This project is to be funded equally by private contributions from the Olbrich Botanical Society and GO Borrowing in both 2017 and 2018. With this amendment, 2016 budget authority will increase by \$500,000 for planning and design activities, with all 2016 expenses to be funded by contributions from the Olbrich Botanical Society. The amount expended in 2016 by the Olbrich Botanical Society will correspondingly reduce the Olbrich Botanical Society's contribution (and total program expenditure authority) as part of the 2017 Parks Division Capital Budget request.
