**Fiscal Note**

The 2017 Adopted Capital Budget includes \$300,000 from room taxes revenues for the repair and resurfacing of the bike path between Lake Monona and the Monona Terrace Community and Convention Center. The work on the project has been completed and a balance remains of approximately \$68,000. The proposed resolution authorizes the use of up to \$65,000 from this project to repair tiles and other elements of the Olin Terrace in the aftermath of damage from a failed storm sewer. The Council recently approved emergency funding of \$425,000 to storm sewer repair and surface treatment. This resolution would repair broken tiles and other aesthetic impacts associated with the storm sewer failure.
