Title
Installation of Ontario Park Path as part of the City of Madison's Bike Paths 2018 Project

Body
As part of the City of Madison's Bike Paths 2018 project, City Engineering is proposing to install approximately 250 feet of asphalt path in Ontario Park. This proposed path is intended to replace the existing dirt footpath in the park with an accessible paved surface. The path will connect the sidewalk on Ontario Street and Rockwell Drive to the Capital City Path.
