Fiscal Note

The proposed amendment authorizes the acceptance of a USDOJ STOP School Violence Prevention and Mental Health Training Program award for \$250,000. This new grant is a pass-through grant to the Madison Metropolitan School District (MMSD). MPD will partner with them to develop critical response teams in the high schools. MMSD will hire a coordinator to develop, with MPD input, a Restorative Critical Response-model approach to reduce school violence and better deal with situations that have mental health aspects to them. The City will use the grant funds to reimburse MMSD for the coordinator's salary and benefits, and training for the teams.

The MPD Captain of Community Outreach will be the liaison to the team development and Educational Resource Officers will be on the teams within the schools. This work will be considered part of their normal responsibilities. There is no additional City expense created by this grant project.
