Title

Amending Section 9.13(6)(a) and repealing Sections 9.13(7)(b)1. and (7)(e)2. of the Madison General Ordinances to clarify the State Street Mall/Capitol Concourse Vending Area boundaries and to eliminate the Langdon Street High Density Vending Area.

Body

DRAFTER'S ANALYSIS: This ordinance removes references to the Langdon Street High Density Vending Area. Currently there is a specialized street vending area in the 700-800 blocks of Langdon Street, with a small number of vending sites available for assignment. This amendment eliminates the area and those sites will no longer be available. This amendment also clarifies that the boundary of the State Street Mall/Capitol Concourse Vending Area includes the blocks where the Langdon Street high density area was, and makes a number of housekeeping changes to the description of the Mall/Concourse, but no substantive changes. This will have the effect of continuing to prohibit street vending on those blocks, unless the VOC establishes new vending sites in those areas. A companion resolution to amend the Regulations Governing Street Vending in the High Density Vending Area will be introduced at a later date to update relevant regulations and vending maps.
