Title

Authorizing the Mayor and the City Clerk to execute an Amendment to the contract between the City of Madison and KL Engineering, Inc., for additional design engineering services for University Avenue from Shorewood Boulevard to University Bay Drive. (5th AD)

Body

PREAMBLE

The City and Village of Shorewood Hills are proposing to reconstruct University Avenue from Shorewood Blvd. to University Bay Dr. in 2021. The City of Madison is the lead agency for the project and has entered into a design engineering contract with KL Engineering, Inc. (Contract No. 8089). The City of Madison and Village of Shorewood Hills are both participating in the design and shall cost share the design engineering contract.

The project includes design of storm water management facilities to improve storm water handling and mitigate frequent flooding events along the University Avenue corridor. Preliminary design services have indicated that evaluation of additional alternatives for storm water management are necessary to adequately address the storm water management needs of the corridor.

The City Engineer recommends that these additional design services be undertaken by KL Engineering, Inc. and that evaluation of a storm water tunnel route from the University Avenue /Midvale Boulevard intersection to Lake Mendota be completed and include an estimate of probable cost for construction of the potential new storm sewer line.

NOW THEREFORE BE IT RESOLVED that the Mayor and City Clerk are hereby authorized to execute an Amendment to the contract between the City of Madison and KL Engineering, Inc., for additional design engineering services for University Avenue from Shorewood Boulevard to University Bay Drive; and

BE IT FURTHER RESOLVED that the Mayor and the City Clerk are hereby authorized to enter into an agreement(s) with the Village of Shorewood Hills for cost sharing of the project.
