Fiscal Note

The proposed resolution authorizes up to \$10,000 for a façade improvement grant. This grant will be funded by the Economic Development Division's 2020 Façade Improvement Grants capital program, which will have approximately \$23,000 of remaining budget authority following this grant. No additional City appropriation is required. The Façade Improvement Grant capital program was folded into EDD's Small Business Equity and Recovery capital program for the 2021 Adopted Capital Budget with the expectation that façade improvement grants will continue through this new program once the remaining budget authority from the 2020 Façade Improvement Grants capital program is disbursed.

Body

On October 3, 2000, the Common Council adopted Resolution ID # 61179, approving the Facade Improvement Grant Program to support and encourage small local businesses to reinvest in the downtown and smaller, neighborhood shopping and business areas and designating the Community Development Authority as the agent of the City for the operation and administration of the Program. The grants are matching grants and will be provided in an amount up to 50% of the total project costs up to a maximum of \$10,000 for a single facade, \$20,000 for a building with two facades, and \$25,000 for a "flatiron" building. The objective of the Program is to restore, beautify, or enhance the entire facade or elevation of a commercial building. The Facade Improvement Grant Program Staff Team has reviewed the following Façade Improvement proposals and determined that it meets the requirements of the Program.
