Authorizing the Mayor and City Clerk to enter into a non-competitive agreement with the USGS for City of Madison Master Services Contract, which will combine and extend existing contracts into a single 5-year contract. (Citywide)

Body

WHEREAS, The City of Madison Stormwater Utility has several agreements with the United States Geological Survey (USGS) related to Stormwater monitoring, including the effects of various leaf collection methods, the installation and maintenance of stormwater flood monitoring equipment and the respective analysis of distributed green infrastructure and chloride monitoring within specified areas; and

WHEREAS, the Stormwater Utility desires to amend certain portions of the existing agreements to extend the work provided by the USGS; and

WHEREAS, the USGS is better suited for doing this type of work in a more cost effective manner; and

WHEREAS, it is in the USGS and City's interest to streamline the existing agreements into one master agreement for the various services performed by the USGS for the Stormwater Utility; and

WHEREAS, upon approval and execution of the new Master Services Contract the existing contracts will be mutually terminated by each party and remaining costs and outstanding services will be moved forward into the new contract; and

WHEREAS, the Common Council has previously approved Noncompetitive Selection Request Forms for the original contracts; and

WHEREAS, extending various tasks under this agreement will require an additional Noncompetitive Selection approval.

NOW THEREFORE BE IT RESOLVED that the Mayor and City Clerk are hereby authorized to execute the agreement with the USGS for a Master Services Contract with the City of Madison not to exceed \$733,000 over 5 years.
