Title

Discussion on the Default Format for 2022 Golf Subcommittee Meetings

Body

Council Leadership has requested that each body vote on their default meeting mode for 2022 - in person or virtual. The Golf Sub Committee will discuss and make recommendations at the January 27 meeting regarding the optimal format for The Golf Sub Committee. Staff will then be able to move forward with reserving rooms or scheduling Zoom meetings. Once a default method is established, the body should continue regularly meeting that way. This will help avoid any misunderstandings from the public about how to attend meetings of that body. If a BCC needs to change their meeting method from their default method, they should update the location of that meeting occurrence in the Legistar calendar at least two weeks - preferably a month - in advance. Please note, there will be no hybrid (i.e. combination of virtual and in-person attendance) meetings until June 2022 at the earliest, and this is dependent on budget support for the necessary resources.
