### Title

Accepting the Final Report and Recommended Solutions of the Greentree/McKenna Watershed Study

### Body

Engineering is bringing the completed Greentree/McKenna watershed study before the Board of Park Commissioners, seeking acceptance of the final report. Watershed studies will be completed for the City's 22 watersheds over the next few years to better understand causes of flooding and how they can be addressed. The Greentree/McKenna watershed is located on the west side of the City of Madison. The Watershed Study Final Report describes the methodology, approach, and results of the watershed study.
