Title

Proclaiming Board of Park Commissioner Commitment to Supporting Pollinator Health

Body

WHEREAS, in 2017, the City of Madison became a certified Bee City per the requirements outlined by BEE CITY USA®; and,

WHEREAS, pollinator-friendly communities can benefit local and regional economies through healthier ecosystems, increased vegetable and fruit crop yields, and increased demand for pollinator-friendly plant materials from local nurseries and growers; and,

WHEREAS, the loss of pollinators, including honey bees, native bees, bats, birds, and butterflies, across the country have been severe over the past few decades; and,

WHEREAS, bees and other pollinators have experienced population declines due to a combination of habitat loss, use of pesticides, and the spread of pests and diseases; and,

WHEREAS, Garden Scouts, a volunteer group at Olbrich Botanical Gardens, surveys the outdoors gardens for pollinators and records sightings in Naturalist; and

WHEREAS, the rusty patched bumblebee - a resident species at Olbrich Botanical Gardens and once commonly seen in 28 states, including Wisconsin, as recently as the 1990's - has become the first bumblebee species to be listed as endangered under federal law; and,

WHEREAS, in 2014, the Madison Common Council passed RES-14-00747 directing the Madison Food Policy Council to initiate a Pollinator Protection Task Force to study pollinator health and make recommendations on how the City can support pollinators; and,

WHEREAS, in 2017, the Madison Common Council accepted the report of the Pollinator Protection Task Force

as the guiding document for the City of Madison to address the issue of pollinator decline and directing the Madison Food Policy Council, with assistance of city staff, to implement the recommendations; and,

WHEREAS, in order to enhance understanding among local government staff and the public about the vital role that pollinators play and what each of us can do to sustain them, Madison chooses to support and encourage pollinator habitat creation and enhancement on both public and private land; and,

WHEREAS, the North American monarch population has declined by more than 90% in the past two decades which is a 5% increase over the last 5 years; and,

WHEREAS, the migration route of the Eastern monarch butterfly population includes the Great Lakes region, and many cities, towns and counties have a critical role to play to help save the monarch butterfly; and,

WHEREAS, in 2017, the Madison Common Council authorized the City of Madison to take the Mayor's Monarch Pledge; and,

WHEREAS, Olbrich Botanical Gardens has been certified as a Colossal Monarch Way Station by Monarch Watch; and,

WHEREAS, in May 2024, the Habitat Stewardship Subcommittee and Board of Park Commissioners adopted the Parks Division's updated Land Management Plan (Leg File 77758), which identifies land management practices that benefit the overall ecosystem including pollinators; and

WHEREAS, in 2020, 2022 and 2023, the City of Madison reaffirmed its commitment to supporting pollinator health (RES-20-00412), (RES-22-00300), (RES-23-00227); and,

BE IT RESOLVED, that the City of Madison Board of Park Commissioners proclaims its commitment to supporting pollinator health throughout the parks system; and,

BE IT FINALLY RESOLVED, that the Board of Park Commissioners expresses sincere appreciation to all volunteers, partners, residents and staff who have contributed to creating and maintaining native plantings and rain gardens in order to promote biodiversity and create habitat which allows pollinators to thrive.
