3/13/2024	1	BOARD OF PARK COMMISSIONERS		

**Title**  
Informational presentation by Parks staff of the proposed Park Development Plans for seven neighborhood and mini parks in the Northeast Planning Area.

**Body**  
The West Area planning process began in January 2023 and will address land use, transportation, housing, parks and open space, stormwater management, economic development, historic and cultural resources, and facilities and utilities. Equitable and inclusive public participation will be key to the success of the process to help ensure that it is accessible to a broad audience, including people who are traditionally underrepresented.

Parks has conducted a parallel Parks Division-led process for the neighborhood and mini parks during the larger area planning produce and has produced a Park Development Plan for each park. Parks staff will provide an informational presentation to the Board of Park Commissioners with proposed Park Development Plans for each of the seven neighborhood and mini parks in the Northeast Area.
