### **Fiscal Note**

The \$7,500 received as a result of this settlement will be apportioned between the City and the other jurisdictions that levied taxes on these properties during the tax years in question. The method of allocation has yet to be determined by the City Attorney, but it is likely that the City will receive between \$2,000 and \$3,000 of the total settlement after distributions are made to the other governmental units. The amount retained by the City will be recognized as additional general fund revenue in 2006.
